

## Implementation Options

Implement two to three of the Housing Options Below  
(REVISED Staff Recommendation included on Page 2)

### OPTION 1: Accessory Dwelling Units

1. Select this option to implement

#### To Implement:

- Eliminate Requirement for additional off-street parking space
- Eliminate Requirement for property owner to live on site
- Increase maximum size of ADU from 800 square feet to 1,000 square feet
- Consider optional revisions:
  - ◇ Increase building height allowed for ADUs that are not attached to the house from 16 feet to 24 feet
  - ◇ Clarify that an ADU can be attached to an accessory structure such as a garage or shed and both can be of the maximum allowed size

2. Do not select this option to implement

### OPTION 2: Duplexes on Corner Lots

1. Select this option to implement

#### To implement:

- Modify the permitted uses tables to include duplexes on corner lots in the following chapters or the Unified Development Code: 18.04 – Residential Districts (all zoning districts); 18.05 – Villages and Centers (all zoning districts); 18.06 – Commercial Districts (all zoning districts except Urban Waterfront; Urban Waterfront-Housing, and Auto Services

2. Do not select this option to implement

### OPTION 3: Duplexes, Triplexes or Courtyard Apartments

1. Select Duplexes as an option to implement

#### To Implement:

- Identify which additional zoning districts are appropriate for duplexes (R4, R 4-8, R6-12)

2. Select Triplexes as an option to implement

#### To Implement:

- Identify which additional zoning districts are appropriate for triplexes (R1/5; R4; RLI; R4-8; R6-12)

3. Select Courtyard Apartments as an option to implement

#### To Implement:

- Define Courtyard Apartments
- Establish minimum standards for courtyard apartments
- Identify which zoning districts are appropriate for courtyard apartments (R1/5; R4; RLI; R4-8; R6-12)

4. Do not select any of these options to implement

## REVISED Staff Recommendations – by Housing Type

*NOTE: [House Bill 2343](#) (HB 2343) was approved by the 2020 Washington State Legislature, signed into law by Governor Inslee, and goes into effect on June 11, 2020. HB 2343 amends the housing options included in RCW 36.70A.600 and those changes effect the Accessory Dwelling Unit (ADU) provisions under consideration. As a result, staff is modifying its recommendations related to the size of ADUs, as indicated below. New language is shown in red underlined text. Language to be removed is shown in ~~strikethrough text~~.*

### Implement OPTION 1: Accessory Dwelling Units (ADUs)

- Eliminate requirements for additional parking and for the property owner to live on-site
- ~~Increase maximum size of ADU from 800 square feet to 1,000 square feet~~
- Allow any ADU to be up to 800 square feet in size, regardless of the size of the primary residence
- Increase building height for ADUs that are not attached to the house from 16 feet to 24 feet
- Clarify that an ADU can be attached to a garage or accessory structure and each can be up to the maximum size allowed in the underlying zoning district

The recommendations below remain unchanged:

### Implement OPTION 2: Duplexes

- Allow duplexes on corner lots in all zoning districts that permit single family residences\*

### Selectively Implement OPTION 3 as follows (by housing type)

#### Duplexes

- Allow duplexes in the R-4, R 4-8, and R 6-12 zoning districts on each parcel\* – unless the City documents a specific infrastructure or physical constraint that would make this unfeasible for a particular parcel

#### Triplexes

- Allow triplexes in the R 6-12 zoning district on each parcel\* – unless the City documents a specific infrastructure or physical constraint that would make this unfeasible for a particular parcel
- Clarify that five parking spaces per unit are required (1.5 spaces per unit, rounded up to 5)

#### Courtyard Apartments

- Define courtyard apartments
- Identify minimum development standards for courtyard apartments – such as orientation around and direct access from ground floor units to a shared courtyard and the provision of private open space for each unit
- Allow courtyard apartments in the R 6-12 zoning district each parcel\* – unless the City documents a specific infrastructure or physical constraint that would make this unfeasible for a particular parcel

#### Other

Amend density provisions in 18.04 to note that City staff will review permitting in areas designated as Low Density Neighborhoods on an annual basis to review achieved density and make revisions, as needed, if twelve units per acre is approached or exceeded.

*\* Upon demonstration that all zoning district standards for setbacks from property lines, maximum lot development standards (building coverage, impervious surface coverage, and hard surface coverage), parking, design review, tree requirements, low impact development stormwater requirements, and the protection of critical areas are satisfied.*

March 2020

The following provisions would implement the staff recommendations of the Housing Options Code Amendments. For more information about the options being considered, please visit [olympiawa.gov/housingcode](https://olympiawa.gov/housingcode).

Proposed Amendments to OMC:

- 18.02.180 – Definitions
- 18.04 – Residential Districts
- 18.05.040 – Villages and Centers, Table 5.01
- 18.06.040 – Commercial Districts, Table 6.01
- 18.38.100 – Parking and Loading, Vehicular and bicycle parking standards

Proposed revisions to text are shown in **red text** and revisions to numbering is shown in **blue** text. Please note that existing hyperlinks in the code are also shown in blue underlined text.

Proposed new language is shown in **underlined** text.

Text proposed to be deleted is shown in **~~striketrough~~** text.

---

## Chapter 18.02 BASIC PROVISIONS

### 18.02.180 Definitions

Dwelling Unit. See definition for single-family. Various types of housing or human shelter, which are listed below and categorized by use.

a. Dwelling, Conventional.

- i. Accessory Dwelling Unit. A dwelling unit that has been added onto, created within, or separated from a single-family detached dwelling for use as a complete independent living unit with provisions for cooking, sanitation and sleeping.
- ii. Apartment. A dwelling within a structure designed and used for occupancy by three or more individual persons or families living independently of each other. These structures include triplexes, fourplexes, and other multi-unit configurations.
- iii. Boarding Home. Any home or institution, however named, which is advertised, announced or maintained for the express or implied purpose of providing board and domiciliary care to three or more aged persons not related by blood or marriage to the operator, under the provisions of Chapter [18.20](#) RCW. It shall not include any home, institution or section thereof which is otherwise licensed and regulated under the provisions of state law providing specifically for the licensing and regulation of such home, institution or section thereof. (See also Dwelling, Assisted Living.)
- iv. Co-Housing. Co-housing developments consist of two or more dwelling units, one or more shared community structures (e.g., containing a meeting hall, dining hall/kitchen, community center, or day care) and perhaps a community garden, recreation area, or similar community oriented use.
- v. Condominium. A development consisting of an undivided interest in common for a portion of a parcel coupled with a separate interest in space in a residential or commercial building on the parcel.
- vi. Cottage Housing Development. Four or more small, detached dwelling units sharing a commonly owned courtyard/common area and parking area.
- vii. Courtyard Apartment. A dwelling within a structure or small detached structures on one parcel designed and used for occupancy by four or more individual persons or families living independently of each other. The units are oriented around a shared open space courtyard from which all ground floor units have primary entrances facing.

- ~~vii-viii.~~ Duplex. One building containing two single-family dwelling units totally separated from each other by a one-hour fire wall or floor.
- ~~viii-ix.~~ Guest House. Living quarters without kitchen facilities located on the same lot with a principal building and occupied for the sole use of members of the family, temporary guests, or persons permanently employed on the premises. (See also Accessory Dwelling Unit.)
- ~~ix-x.~~ Manufactured Home. A single-family residence constructed after June 15, 1976, and installed in accordance with the U.S. Department of Housing and Urban Development (HUD) requirements for manufactured housing and bearing the appropriate insignia indicating such compliance.
- ~~x-xi.~~ Manufactured Home, Designated. A manufactured home constructed after June 15, 1976, in accordance with state and federal requirements for manufactured homes, and which meets the requirements of OMC [18.04.060.O](#).
- ~~xi-xii.~~ Manufactured Home, New. Any manufactured home required to be titled under Title [46](#) RCW, which has not been previously titled to a retail purchaser, and is not a "used mobile home" as defined in RCW [82.45.032](#)(2).
- ~~xii-xiii.~~ Mobile Home. A single-family residence transportable in one or more sections, built on a permanent chassis, designed to be used as a permanent dwelling and constructed before June 15, 1976.
- ~~xiii-xiv.~~ Modular Home. A structure constructed in a factory and installed in accordance with the applicable Building Code and bearing the appropriate insignia indicating such compliance. This definition includes "pre-fabricated," "panelized" and "factory built" units.
- ~~xiv-xv.~~ Single-Family Dwelling. A single unit providing complete, independent living facilities for a family, including permanent provisions for living, sleeping, cooking and sanitation.
- ~~xv-xvi.~~ Single-Room Occupancy. A housing type consisting of one room with cooking facilities and with shared bathroom facilities. (See also Boarding Home, Lodging House and Bed and Breakfast.)
- ~~xvii.~~ Townhouse. A single-family dwelling unit which is part of a group of two or more such units separated by a completely independent structural wall (including utilities in separate walls), extending from the ground to the roof in accordance with the applicable Building Code and which has no doors, windows or other provisions for human passage or visibility through the wall.

In certain zoning districts, such dwelling units are platted with common side and/or rear property lines between the structural walls. See Chapter [18.64](#).

- ~~xvi~~-xviii. Triplex. One building containing three single-family dwelling units totally separated from each other by a one-hour fire wall or floor.

## Chapter 18.04 RESIDENTIAL DISTRICTS

### 18.04.000 Chapter Contents

#### Sections:

- [18.04.020](#) Purposes.
- [18.04.040](#) Permitted, conditional, and prohibited uses.
- [18.04.060](#) Residential districts' use standards.
- [18.04.080](#) Residential districts' development standards.
- [18.04.090](#) Additional regulations.

### **18.04.020 Purposes**

#### A. The general purposes of the residential districts contained in this chapter are as follows:

1. To provide a sustainable residential development pattern for future generations.
2. To encourage development of attractive residential areas that provide a sense of community and contain a variety of housing types to accommodate different lifestyles and household sizes.
3. To maintain or improve the character, appearance, and livability of established neighborhoods by protecting them from incompatible uses, excessive noise, illumination, glare, odor, and similar significant nuisances.
4. To establish a compact growth pattern to efficiently use the remaining developable land; enable cost effective extension and maintenance of utilities, streets and mass transit; and enable development of affordable housing.
5. To enable community residents to reside and work within walking or bicycling distance of mass transit, employment centers, and businesses offering needed goods and services in order to reduce traffic congestion, energy consumption, and air pollution.
6. To provide for development of neighborhoods with attractive, well connected streets, sidewalks, and trails that enable convenient, direct access to neighborhood centers, parks, and transit stops.
7. To ensure adequate light, air, and readily accessible open space for each dwelling unit in order to maintain public health, safety, and welfare.
8. To ensure the compatibility of dissimilar adjoining land uses.
9. To protect or enhance the character of historic structures and areas.

10. To provide residential areas of sufficient size and density to accommodate the city's projected population growth, consistent with Section [36.70A.110](#), RCW.
11. To preserve or enhance environmental quality and protect ground water used as a public water source from contamination.
12. To minimize the potential for significant flooding and allow recharge of ground water.
13. To allow innovative approaches for providing housing, consistent with the policies of the Comprehensive Plan.
14. To ensure that development without municipal utilities is at a density and in a configuration that enables cost effective urban density development when municipal utilities become available.

B. The additional purposes of each individual residential district are as follows:

1. Residential - 1 Unit Per 5 Acres. This designation provides for low-density residential development in designated sensitive drainage basins in a manner that protects aquatic habitat from degradation.
2. Residential Low Impact (RLI). To accommodate some residential development within sensitive drainage basis at densities averaging from two (2) to four (4) units per acre, provided that the development configuration avoids stormwater and aquatic habitat impacts.
3. Residential - 4 Units per Acre (R-4 and R-4CB). To accommodate residential development in areas sensitive to stormwater runoff in a manner and at a density (up to four (4) units per acre) that avoids stormwater related problems (e.g., flooding and degradation of environmentally Critical Areas).
4. Residential 4-8 Units per Acre (R 4-8). To accommodate ~~single family houses and townhouses~~residential development at densities ranging from a minimum of four (4) units per acre to a maximum of eight (8) units per acre; to allow sufficient residential density to facilitate effective mass transit service; and to help maintain the character of established neighborhoods.
5. Residential 6-12 Units per Acre (R 6-12). To accommodate ~~single family houses, duplexes and townhouses~~residential development, at densities between six (6) and twelve (12) units per acre, in locations with frequent mass transit service (existing or planned). This includes areas along or near (e.g., within one-fourth (1/4) mile) arterial and major collector streets. Parcels located in the High Density Corridor Transition Area are allowed ~~triplex and~~ fourplex housing types (18.04.060(FF)).
6. Mixed Residential 7-13 Units per Acre (MR 7-13). To accommodate a compatible mixture of houses, duplexes, townhouses, and apartments in integrated developments with densities averaging

between seven (7) and thirteen (13) units per acre; to provide a broad range of housing opportunities; to provide a variety of housing types and styles; and to provide for development with a density and configuration that facilitates effective and efficient mass transit service. This district generally consists of parcels along arterial or collector streets of sufficient size to enable development of a variety of housing types.

7. Mixed Residential 10-18 Units per Acre (MR 10-18). To accommodate a compatible mixture of single-family and multifamily dwellings in integrated developments close to major shopping and/or employment areas (at densities averaging between ten (10) and eighteen (18) units per acre); to provide a variety of housing types and styles; to provide for development with a density and configuration that facilitates effective and efficient mass transit service; to provide opportunities for people to live close to work and shopping in order to reduce the number and length of automobile trips; and to enable provision of affordable housing.

8. Residential Multifamily - 18 Units per Acre (RM-18). To accommodate predominantly multifamily housing, at an average maximum density of eighteen (18) units per acre, along or near (e.g., one-fourth (¼) mile) arterial or major collector streets where such development can be arranged and designed to be compatible with adjoining uses; to provide for development with a density and configuration that facilitates effective and efficient mass transit service; and to enable provision of affordable housing.

9. Residential Multifamily - 24 Units per Acre (RM-24). To accommodate predominantly multifamily housing, at an average maximum density of twenty-four (24) units per acre, in locations close (e.g., one-fourth (¼) mile) to major employment and/or shopping areas; to provide for development with a density and configuration that facilitates effective and efficient mass transit service; and to enable provision of affordable housing.

10. Residential Multifamily - High Rise (RMH). To accommodate multifamily housing in multistory structures near the State Capitol Campus; to provide opportunities for people to live close to work, shopping, services and a major mass transit hub; to create a desirable living environment for residents of the district; and to ensure that new high rise buildings incorporate features which reduce their perceived scale and allow sunlight to reach street level.

11. Residential Mixed Use (RMU). To accommodate attractive, high-density housing, pedestrian oriented commercial and mixed-use development which reinforces downtown's historic character; to provide for coordinated pedestrian amenities; to preserve viable downtown housing; to enable businesses to locate within walking distance of residences and offices; to provide a transition between commercial and residential districts; and to require new high rise buildings to incorporate features which reduce their perceived scale and allow sunlight to reach street level.

12. Urban Residential (UR). To accommodate multifamily housing in multistory structures in or near the State Capitol Campus; downtown, High Density Corridor, or other activity center areas; to provide opportunities for people to live close to work, shopping, and services; to help achieve City density goals, to create or maintain a desirable urban living environment for residents of the district; and to ensure that new urban residential buildings incorporate features which encourage walking and add interest to the urban environment.

13. Manufactured Housing Park (MHP). To accommodate mobile homes and manufactured housing in mobile/manufactured housing parks; to accommodate manufactured housing on individual lots; to accommodate single-family houses, duplexes and townhouses, at densities between five (5) and twelve (12) units per acre, in locations with frequent mass transit service (existing or planned). This includes areas along or near (e.g., within one-fourth (1/4) mile) arterial and major collector streets.

#### **18.04.040 Permitted, conditional and prohibited uses**

A. Permitted and Conditional Uses. Table 4.01, Permitted and Conditional Uses, identifies land uses in the commercial districts which are permitted outright (P) or subject to a Conditional Use Permit (C). The applicable requirements for these uses and activities are identified by a number referencing the list of use regulations under Section [18.04.060](#), Use Standards. Numbers listed under the heading Applicable Regulations apply to the corresponding land use in all of the residential districts. Regulations that pertain only to a specific use in a specific district are identified by a number in the space corresponding to that use and district. (Also see Section [18.04.080](#), Development Standards, and Chapter [18.48](#), Conditional Uses.)

B. Prohibited and Unspecified Uses. Land uses which are not listed in Table 4.01 as permitted or conditional uses are prohibited. However, the Director of Community Planning and Development may authorize unlisted uses consistent with Section [18.02.080](#), Interpretations.

In addition to those uses prohibited by Table 4.01, the following uses are prohibited in these districts:

1. All Residential Districts.
  - a. Adult oriented businesses (see Chapter [18.02](#), Definitions).
  - b. Mobile homes, except in approved mobile home/manufactured home parks or when used as emergency housing or contractors' offices consistent with Section [18.04.060](#)(EE), Temporary Uses.
  - c. Habitation of recreational vehicles.
  - d. Junk yards.
  - e. Uses which customarily create noise, vibration, smoke, dust, glare, or toxic or noxious emissions exceeding those typically generated by allowed uses.
  - f. Secure community transition facilities.
2. All Residential Districts Except RMU. Conversion of residences to a commercial use (not including home occupations).
3. RMU District.
  - a. Home improvement/hardware stores larger than ten thousand (10,000) square feet in size.
  - b. Garden stores.

- c. Motor vehicle sales.
- d. Service stations.
- e. The sale of gasoline.
- f. Drive-in and drive-through businesses and uses.

#### **18.04.060 Residential districts' use standards**

##### **A. ACCESSORY DWELLING UNITS (ADU).**

Accessory dwelling units (ADU) are permitted in all residential districts subject to the following requirements:

1. Number. One (1) ADU shall be allowed per residential lot in conjunction with any detached single-family structure. (See Section [18.04.080](#)(A)(3) regarding ADUs in new subdivisions.)
2. Location. The ADU shall be permitted as a second dwelling unit added to, created within, or detached from the original dwelling. The ADU shall be oriented in a way that maintains, to the extent practical, the privacy of residents in adjoining dwellings. (See Chapters [18.100](#), Design Review and [18.175](#), Infill and Other Residential.)

3. Size. The ADU shall have a gross floor area of no more than eight hundred (800) square feet<sup>17</sup> and no more than the following equivalent ratios:

~~a.—forty percent (40%) of the gross floor area of the primary residence and accessory dwelling unit combined, or~~

~~b.—sixty-six and two-thirds percent (66 2/3%) of the gross floor area of the primary residence alone; excluding any garage area, except as authorized by Section [18.04.060](#)(A)(7).~~

~~[NOTE: Section [18.04.060](#)(O)(1) requires that manufactured homes placed on a lot outside a manufactured housing park must be at least eight hundred sixty-four square feet in floor area. Consequently, a manufactured home can be used as a primary residence, but not as an ADU.]~~

4. Ownership. ~~The property owner (i.e., title holder and/or contract purchaser) must live on the site as his/her principal residence. Owners shall sign a notarized affidavit attesting to their principal residency upon permit application. Owners shall provide evidence thereof through such means as voter registration, drivers license, or the like. This requirement does not apply to ADUs built prior to the initial sale of the primary unit on the lot. Purchasers of such ADUs shall meet these requirements within sixty (60) days of purchase. (See Section [18.04.080](#)(A)(3).) Accessory Dwelling Units may be attached to accessory structures such as a garage or shop building. In such circumstances, the ADU~~

may be up to 1,000 square feet in size and the accessory structure may be up to eight hundred square feet in size (or larger if the underlying zoning district allows or a conditional use permit for a large garage has been approved).

~~A covenant or deed restriction, approved by the Olympia City Attorney, shall be signed and recorded with the Thurston County Auditor which specifies the requirement that the property owner must live on the site as his/her principal residence.~~

5. Occupancy. No more than one (1) family (as defined in Chapter [18.02](#), Definitions) shall be allowed to occupy an ADU.

6. Existing ADUs. Accessory dwellings created prior to the enactment of these regulations, June 19, 1995, may be approved subject to applicable requirements. ~~Existing ADUs located on lots which cannot accommodate an additional off street parking space required by Chapter [18.38](#), Parking, may receive a waiver from the parking requirement.~~

If the owner of an existing unauthorized ADU applies to make the unit legal, but cannot meet all of the standards, the owner will be allowed a "grace period" of six months from date of application to comply with applicable standards. However, where health and safety is an issue, the Building Official will determine when the necessary modifications must be made. If the owner cannot meet the standards, the unauthorized accessory unit must be removed or its use as a dwelling must be suspended.

7. Deviation From Requirements. The Director or the Director's designee may allow deviation from the requirements of this section (18.04.060(A)) as follows:

- a. To allow use of the entirety of a single floor in a dwelling constructed two (2) or more years prior to the date of application in order to efficiently use all floor area; and
- b. To enable ADUs to be established in structures constructed prior to June 19, 1995, which are located in rear or side setbacks, provided that Uniform Building Code requirements and the Development Standards contained in Section [18.04.080](#) are met. [NOTE: See Chapters [18.100](#), Design Review and [18.175](#), Infill and Other Residential for applicable design guidelines.]

## B. ACCESSORY STRUCTURES.

Accessory structures are permitted in all residential districts subject to the following requirements:

1. Time of Establishment. Accessory structures shall not be built prior to commencing construction of the main building on the lot. However, lots may be created which contain an accessory structure (without an associated primary use) constructed prior to submission of the subdivision application.

2. Subordination to Primary Use. Accessory structures shall be clearly incidental and subordinate to the use of the lot (e.g., structures used for storage of personal property or the pursuit of hobbies) or used for agricultural purposes. In ~~single-family and two-family~~ residential districts with a maximum density of twelve units or less per acre each accessory structure shall not exceed eight hundred (800) square feet in size, except for structures accessory to an agricultural use which are located on a parcel one (1) acre or larger in size.

3. Garages. Private garages shall meet the following standards:

a. Garages shall not exceed a total of eight hundred (800) square feet of floor space per dwelling unit.

b. Garages exceeding eight hundred (800) square feet per dwelling unit may be permitted as conditional uses in the districts specified in Table 4.01 provided that they will not be adverse to the public interest and are compatible with the surrounding neighborhood. The Hearing Examiner shall establish a maximum size for garages receiving conditional use approval. See Section [18.04.080](#).

4. See Section [18.04.060](#)(P)(4) regarding accessory structures in mobile home/manufactured home parks.

#### C. ANIMALS/PETS.

Pets and other animals are allowed in all residential districts subject to the following requirements:

1. Traditional Pets. No more than a total of three traditional pets, such as dogs and cats, as well as potbelly pigs, four months of age or older, shall be permitted per dwelling unit. Song birds or other traditional pet birds (e.g., parrots) are permitted. The keeping of racing and performing pigeons is permitted as a conditional use. (Traditional pets are defined as a species of animals which can be housebroken, or walked on a leash, or are frequently, but not necessarily, housed within a residence and are neither obnoxious nor a public safety or health threat.)

2. Fowl.

a. Lots one acre or less are allowed up to five ducks or female chickens. Lots greater than one acre are allowed one additional duck or female chicken for every additional one thousand square feet of lot area beyond one acre, up to ten ducks or female chickens.

b. Chickens and ducks shall be confined within a suitably fenced area large enough for appropriate exercise.

c. Suitable sanitary structures (coops) shall be provided and must be designed to protect fowl on all sides from weather, predators and to prevent rodents.

d. Roosters, geese and turkeys are prohibited.

3. Other Animals.

a. Swine, other than potbelly pigs, and non-miniature goats, are prohibited.

b. Rabbits of breeding age are permitted with the following conditions:

i. Lots of one-quarter acre or less are allowed up to five rabbits.

ii. Lots greater than one-quarter acre are allowed one additional rabbit for every additional one thousand square feet of lot area beyond one-quarter acre, up to ten rabbits.

iii. Rabbits must have a minimum 3.5 square feet of hutch space per rabbit.

iv. Structures housing rabbits must be designed to protect rabbits on all sides from weather, predators and to prevent other rodents.

c. Miniature goats, commonly known as pygmy and dwarf, are permitted with the following conditions:

i. Lots between five thousand square feet and one acre in size are allowed up to two miniature goats.

ii. Lots greater than one acre are allowed one additional miniature goat for every additional one thousand square feet of lot area beyond one acre, up to six miniature goats.

iii. Miniature goats shall be confined within a suitably fenced area, large enough for appropriate exercise.

iv. Structures housing miniature goats must be designed to protect them on all sides from weather and predators and to prevent rodents.

d. The keeping of other agricultural animals, which are not specifically prohibited in this section, is permitted, provided that:

- i. There shall be no more than one animal per acre, in addition to the permitted animals/pets referenced above; and
- ii. Such animals shall be confined within a suitably fenced area, large enough for appropriate exercise, which shall be located no closer than fifty feet from any property line; and
- iii. The keeping of such other animals does not constitute a nuisance or hazard to the peace, health or welfare of the community in general and neighbors in particular.
- iv. Structures housing such other animals must be designed to protect them on all sides from weather and predators and to prevent rodents.

D. CHILD DAY CARE CENTERS.

1. Permitted Use. Child day care centers are permitted in the districts specified in Tables 4.01 and 5.01 subject to the following conditions:
  - a. Child day care centers located in residences shall be separate from the usual living quarters of the family, or located in the portion of the residence used exclusively for children and their caregivers during the hours the center is in operation.
  - b. Compliance with state licensing requirements.
  - c. Prior to initiating child care services, each child care provider must file a Child Care Registration Form with the Department of Community Planning and Development (forms are provided by the Department). The child care provider must demonstrate compliance with the applicable requirements of the code as listed on the Registration Form. No fee will be required for registration.
2. Accessory Use. A child day care center shall be considered an accessory use if it is sited on the premises of a community service use, such as a private or public school, grange, place of worship, community center, library, or similar adult gathering place and it is associated with that activity. Child care facilities for the exclusive use of employees of a business or public facility shall also be allowed as an accessory use of the business or facility. Prior to initiating operation of a child day care center, the operator must register with the City as specified in Subsection 1.
3. Conditional Use. Child day care centers are allowed as a conditional use in the R-4, R 4-8, R 6-12 and MR 7-13 districts, subject to the requirements contained in Subsection A, and the following standard:

No structural or decorative alteration is permitted which would alter the residential character of an existing residential structure used as a child day care center.

E. CEMETERIES AND CREMATORIUMS.

Crematoriums may be built and operated in conjunction with a cemetery, subject to conditional use approval.

F. CO-HOUSING.

Co-housing developments are allowed in the districts specified in Table 4.01 and 6.01 subject to the following requirements:

1. Common Structure. The following provisions apply to co-housing developments in the residential districts listed in OMC [18.04](#).

a. Quantity, size, and use. Co-housing projects may contain any number of common structures; however, no more than two (2) common structures shall exceed eight hundred (800) square feet in size and none shall exceed five thousand (5,000) square feet in size. At least one (1) common structure shall contain a dining room and kitchen large enough to serve at least fifty percent (50%) of the development's residents at a time based upon occupancy of one (1) person per bedroom, and at least one (1) of the following: a children's day care center, mail boxes for a majority of the residents, recreational facilities (such as pool tables or exercise equipment), laundry facilities, or a meeting room available for the use of all residents.

b. Location. Common structures may be located in all developable portions of the site (e.g., excluding critical areas and their associated buffers and required building setback areas). However, within forty (40) feet of the site's perimeter or a public street extending through the site, no more than two (2) common or accessory structures may be contiguous to one another (i.e., uninterrupted by a dwelling or a landscaped open space with no dimension less than forty (40) feet). This requirement does not apply to structures which would not be visible from the site's perimeter or through streets (e.g., due to topography or vegetation) or which adjoin undevelopable property (e.g., critical areas) which will separate proposed structures by at least forty (40) feet from existing and potential dwelling sites. In no case shall more than fifty percent (50%) of any street frontage be occupied by common and/or accessory structures.

2. Business Uses. Co-housing developments may contain business uses allowed as home occupations (see Section [18.04.060.L](#)) in structures other than residential dwellings, subject to the conditions below:

a. The total building square footage devoted to business uses in the entire development shall not exceed the rate of five hundred (500) square feet per dwelling unit.

- b. Business uses shall not occupy more than fifty (50) percent of a common building. The proportion of dwellings devoted to business uses shall comply with OMC [18.04.060.L](#), Home Occupations.
  - c. Structures containing a business which are visible from public rights-of-way adjoining the development shall give no outward appearance of a commercial use, other than one (1) sign mounted flush to the building in which the business is located. (See OMC [18.43](#), Signs.) No outdoor storage related to a business may be visible from public rights-of-way bordering the development.
  - d. Each business located in a co-housing development may employ a maximum of two (2) people who do not reside in the development. This limitation does not apply to seasonal agricultural employees.
  - e. Business uses shall not emit noise, pollutants, waste products, or create impacts which would pose a nuisance or health risk for the occupants of abutting properties.
3. Dwelling Units. Dwelling units in co-housing developments shall only be required to contain minimal kitchen facilities (e.g., a sink and stove or hot plate), consistent with the Uniform Building Code, provided that a common structure provides a fully equipped kitchen (e.g., containing a stove, refrigerator, and sink) and dining area available to all residents of the development.
4. Approval Process. Applications for co-housing projects shall be processed pursuant to OMC [18.56](#).
5. Common Areas. A note shall be added to the plat or site plan, as applicable, which establishes common areas and precludes their conversion to another use. (See OMC [18.100](#), Design Review, for applicable design guidelines.)
6. Platting.
- a. Dwellings in co-housing developments (as allowed in Table 4.01 or 6.01 for the applicable district) are not required to be located on individual lots.
  - b. Perimeter setbacks. The minimum building setbacks for unplatted co-housing developments in the R-4, R 4-8, and R 6-12 districts are as follows:
    - i. Five (5) feet from the side property line of an adjoining parcel.
    - ii. Twenty (20) feet from public rights-of-way and the rear property lines of adjoining parcels.

The setbacks required in Subsections a. and b. above may be reduced per OMC 18.04.080.H.2 and 18.04.080.H.5.

c. Dwelling separation. Residential structures (i.e., houses, duplexes, and townhouse structures with up to four (4) units) in co-housing developments in an R-4, R 4-8, or R 6-12 district, which are not on individual lots, shall be separated by at least ten (10) feet along the site's perimeter and six (6) feet elsewhere. Dwellings on individual lots are subject to the applicable setback standards specified in Table 4.04 or 6.01.

(See OMC [18.100](#), Design Review, for applicable design guidelines.)

#### G. COMMERCIAL GREENHOUSES, NURSERIES AND BULB FARMS.

As a condition of approval, applicants for commercial greenhouses, nurseries or bulb farms shall demonstrate to the satisfaction of the Hearing Examiner that said development will not pose a significant nuisance for residents of the surrounding neighborhood. Consideration shall be given to odor, noise and traffic generation, pesticide and herbicide use, hours of operation, and other relevant factors. In the Professional Office/Residential Multifamily District (PO/RM), the maximum gross floor area of a retail sales building shall be five thousand (5,000) square feet except in the PO/RM area west of Yauger Road adjacent to Harrison/Mud Bay Road, maximum gross floor area shall be ten thousand (10,000) square feet.

#### H. COTTAGE HOUSING.

Cottage housing developments shall comply with the following requirements:

1. Courtyard. The development shall contain a courtyard or usable landscaped area owned in common by the owners of the dwellings. (See Section [18.04.080\(J\)](#), Development Standards.)
2. Site Design. Dwelling units shall be located on at least two (2) sides of the courtyard or common area. (See also Section [18.175.100](#) Site Design: Cottage Housing.)
3. Number of Units. The development shall include no less than four (4) and no more than twelve (12) dwelling units per courtyard.
4. Dwelling Size. The first story of dwellings in cottage developments, including any garage, shall not exceed eight hundred (800) square feet in size. Two (2) story structures shall not exceed one thousand six hundred (1600) square feet in size.
5. Parking. At least 50% of on-site parking shall be accommodated in a shared parking lot. (See Chapter [18.38](#), Parking.)

6. Covenants. Covenants shall be recorded which establish common areas and preclude their conversion to another use.

I. CRISIS INTERVENTION SERVICES.

Crisis intervention services shall not require a public hearing by the Hearing Examiner due to the need for location confidentiality. Applications for such facilities will be reviewed administratively and shall be allowed subject to the provisions of Chapter [18.48](#), Conditional Uses, upon licensing of the proposed facility by the State.

J. EXISTING USES.

Duplexes, parking lots (which are the primary use of the property), and drive-in and drive-through businesses which were legally established prior to June 19, 1995 are allowed as permitted uses in the districts specified in Table 4.01. Existing mineral extraction operations, veterinary clinics, and stables which were legally established prior to June 19, 1995 are allowed as conditional uses in the districts specified in Table 4.01. Such uses shall be treated the same as other allowed uses, consistent with applicable regulations and conditional use requirements. Other existing uses made nonconforming by this code are subject to the requirements of Chapter [18.37](#), Nonconforming Buildings and Uses.

K. GROUP HOMES. Group homes are subject to the following requirements.

1. License. Authorization for group homes shall be subject to the issuance of a license and/or certification by all appropriate local, state, and/or federal agencies. Use shall be discontinued and vacated when local, state, or federal certification is withdrawn or expires. Uses not subject to such licensing and/or certification requirements shall be operated by government agencies or by organizations with a demonstrated capability to operate such programs (such as by having a record of successful operation of a similar program, or by maintaining a staff or board of directors with appropriate experience).
2. Separation. Group homes, housing six (6) or more unrelated adults, shall be separated from other group homes as shown on Table 4.02 and Table 4.03, except as otherwise precluded by state or federal law. When one group home is in an R-4, R 4-8 or R 6-12 district and another is not, the more restrictive separation standard shall apply.
3. Lot Size. Group homes subject to conditional use approval with up to nine (9) residents, exclusive of on-site staff, shall have a minimum lot size of seven thousand two hundred (7,200) square feet. An additional five hundred (500) square feet of lot area is required for each resident above nine (9) residents.

4. Site Plan. A detailed site plan shall be submitted with the application. The Hearing Examiner may increase the Development Standards specified in Table 4.04 as necessary to ensure compatibility of the group home with surrounding uses.

5. Occupancy. Not more than twenty (20) residents shall be accommodated at one time, exclusive of required staff, in the R 4-8, R 6-12, MR 7-13, Neighborhood Center (NC), Urban Village (UV), Neighborhood Village (NV), and Community Oriented Shopping Center (COSC) districts.

6. Maintenance. The group home shall be maintained in reasonable repair and the grounds shall be trimmed and trash free.

<b>TABLE 4.02</b>			
<b>GROUP HOME</b>			
<b>SEPARATION REQUIREMENTS - R-4, R 4-8, R 6-12 DISTRICTS</b>			
	<b>Offenders</b>	<b>Youth</b>	<b>Homeless</b>
Offenders	2 miles	1 mile	1/2 mile
Youth	1 mile	1 mile	1/4 mile
Homeless	1/2 mile	1/4 mile	1/4 mile

<b>TABLE 4.03</b>			
<b>GROUP HOME</b>			
<b>SEPARATION REQUIREMENTS - ALL DISTRICTS EXCEPT R-4, R 4-8, AND R 6-12</b>			
	<b>Offenders</b>	<b>Youth</b>	<b>Homeless</b>
Offenders	2 miles	1 mile	None
Youth	1 mile	1 mile	None
Homeless	None	None	None

7. Confidential Shelters. Applications for confidential shelters shall be processed administratively by the Department. Neither Public Notice Requirements nor a public hearing shall be required.

[NOTE: Also see Section [18.04.060\(W\)](#), Essential Public Facilities.]

L. HOME OCCUPATIONS.

The purpose of the home occupation provisions is to allow for the use of a residential structure for a non-residential use which is clearly an accessory use to the residential use and does not change the residential character of the neighborhood. Home occupations meeting the below requirements are allowed in any district in which residential uses are permitted.

1. Review. Prior to both initial occupancy and issuance of any business license, the business operator or the operator's agent shall certify that the home occupation will conform with the applicable requirements.
2. General Standards. The following are the general requirements for home occupations. Also see specific standards for family child care homes, adult day care homes, bed and breakfast houses, and counseling.
  - a. Home occupations must be conducted within the principal residence of the permit holder. Permit holders shall provide evidence thereof through such means as voter registration, driver's license, tax statement, or other evidence of residency and sign a notarized affidavit attesting to their principal residence at the site.
  - b. Home occupations are subject to inspections by city staff insofar as permitted by law. Permit holders shall execute a notarized affidavit agreeing to allow appropriate city staff the ability to conduct an inspection of the residence, after reasonable notice is given, to determine compliance with the home occupation permit.
  - c. No person(s) other than the family member(s) who resides in the residence shall participate in the home occupation. The home occupation permit shall list the names of each resident who is employed by the business. Furthermore, the residence shall not be used as a place of congregation for work that occurs off the premises. This limitation shall not apply to properties abutting the west side of the 300 and 400 blocks of West Bay Drive Northwest.
  - d. Home occupations shall occupy not more than twenty-five (25) percent of the total floor area of the dwelling or five hundred (500) square feet per dwelling unit, whichever is less; provided, however, that properties abutting the west side of the 300 and 400 blocks of West Bay Drive Northwest shall occupy not more than fifty percent (50%) of the total floor area of the dwelling or one thousand five hundred (1,500) square feet per dwelling unit, whichever is less. This limitation does not apply to family child care homes, adult day care homes, elder care homes, or bed and breakfast houses.
  - e. The residential character of the lot and dwelling shall be maintained. The occupation shall be conducted entirely within a dwelling and/or accessory building by the occupant of the dwelling. A carport shall not be used for home occupations, except for parking. There shall be

no structural alteration nor any exterior modification of the structure in order to accommodate the occupation.

f. The occupation shall be conducted in such a manner as to give minimal outward appearance of a business, in the ordinary meaning of the term, that would infringe upon the right of the neighboring residents to enjoy peaceful occupancy of their homes.

g. Except for adult daycare, child daycare, and bed and breakfast businesses, the hours of operation, as related to customer or client visitations, shall be limited to no earlier than 7:00 a.m. and no later than 9:00 p.m.

h. The following types of uses shall not be permitted as home occupations:

i. Veterinarian, medical, and dental offices and clinics;

ii. Vehicle sales or repair;

iii. Contractors' yards;

iv. Restaurants;

v. Exterminating services;

i. No stock in trade shall be sold or displayed on the premises; provided, however, that this limitation shall not apply to properties abutting the west side of the 300 and 400 blocks of West Bay Drive Northwest. No equipment or material shall be stored on any exterior portion of the premises.

j. Home occupations shall emit no noise, vibration, smoke, dust, odor, heat, glare, fumes, electrical interference, pollutants or waste products detrimental to the environment, public safety or neighborhood, beyond those normally emanating from residential uses.

k. Home occupations shall comply with all applicable local, state or federal regulations. Requirements or permission granted or implied by this section shall not be construed as an exemption from such regulations.

l. A home occupation permit issued to one (1) person residing in the dwelling shall not be transferable to any other person, nor shall a home occupation permit be valid at any address other than the one appearing on the permit.

m. Any person engaging in a home occupation shall register as a business under Chapter [5.04](#) of the Olympia Municipal Code, and shall be subject to the Business and Occupation Tax levied by the Olympia Municipal Code.

n. The applicant shall demonstrate compliance with all city and state licensing requirements, including those pertaining to building, fire safety, and health codes.

o. Parking of customer, employee, or client vehicles shall not create a hazard or unusual congestion. No more than two (2) off-street parking stalls shall be provided in addition to any required for the residence. A driveway may be used as off-street parking. Except for commercial type postal carriers, traffic generated by the home occupation shall not exceed two (2) commercial vehicles per week. See OMC Chapter [18.38](#) for parking requirements for specific home occupations.

3. Specific Home Occupation Standards.

a. Family Child Care Home. Family child care homes are allowed in all districts permitting residences, subject to the following conditions:

i. Structural or exterior alterations which would alter the single-family character of an existing single family dwelling or be incompatible with surrounding residences are prohibited.

ii. Prior to initiation of child care services, each child care provider must file a Child Care Registration Form with the Department of Community Planning and Development. The child care provider must demonstrate compliance with the applicable requirements of the code as listed on the Registration Form. No fee will be required for registration.

b. Adult Day Care Homes. Adult day care homes are permitted in the districts specified in Table 4.01 and Table 5.01, subject to the following conditions.

i. No more than six (6) adults (at least eighteen (18) years of age) shall be cared for in an adult day care home.

ii. Adult day care homes shall not operate for more than twelve (12) hours per day.

iii. The primary care giver shall reside in the adult day care home.

iv. Emergency medical care may be provided in adult day care homes, but not routine care necessitating the services of a licensed health care professional (e.g., dispensing of medicine or convalescent care). The caregiver must be certified in basic First Aid and

cardiopulmonary resuscitation. First Aid supplies, including bandages and an antiseptic, shall be available on premises.

v. A smoke detector must be provided in each room occupied by people in day care. A fire extinguisher (rated 2A10 BC or the equivalent) must be installed in a readily accessible location. It shall be the responsibility of the day care operator to maintain the smoke detectors and fire extinguisher in operating condition.

vi. The structure and grounds accommodating an adult day care shall not be altered in such a way that they manifest characteristics of a business or pose a nuisance for the occupants of abutting properties.

c. Bed and Breakfast Houses. Bed and breakfast houses are subject to the following conditions:

i. The owner shall operate the facility and shall reside on the premises.

ii. There shall be no more than five (5) guest (rental) rooms for persons other than the members of the operator's immediate family.

iii. No bed and breakfast establishment shall be located closer than two hundred (200) feet to another bed and breakfast establishment, as measured in a straight line from property line to property line.

d. Counseling. Counseling by single practitioners is permitted as a home occupation under the following conditions:

i. Counseling for sex offenders and substance abuse is prohibited.

ii. Group sessions are prohibited (i.e., more than two (2) people per session). This limitation shall not apply to home occupations in properties abutting the west side of the 300 and 400 blocks of West Bay Drive Northwest.

#### M. HOSPICE CARE CENTER.

1. Size. No more than five (5) patients may be cared for in hospice care centers located in a Mixed Residential 7-13 or Mixed Residential 10-18 district.

2. The applicant shall submit proof of compliance with applicable state requirements (e.g., a license) as a condition of approval.

#### N. LARGE MULTIFAMILY HOUSING PROJECTS.

To ensure that large multifamily housing projects provide a transition to adjoining lower density development, multifamily projects shall be subject to the following requirements:

1. Mix of Dwelling Types.

a. In the RM-18 and RMU districts, no more than seventy (70) percent of the total housing units on sites of five (5) or more acres shall be of a single dwelling type (e.g., detached single-family units, duplexes, triplexes, multi-story apartment buildings, or townhouses).

b. Multifamily housing projects in the RM-18 or RMU districts on sites of five (5) or more acres, which abut an existing or approved multifamily development of five (5) or more acres, shall contain a mix of dwelling types such that no more than eighty (80) percent of the total units in both projects (combined) are of one (1) dwelling type. The Director (or Hearing Examiner if applicable) shall grant an exception to this requirement if the Director determines that topography, permanent buffers, or other site features will sufficiently distinguish the developments.

2. Transitional Housing Types. In the RM-18, MR 7-13 and MR 10-18 districts detached single-family houses or duplexes shall be located along the perimeter (i.e., to the depth of one (1) lot) of multifamily housing projects over five (5) acres in size which are directly across the street and visible from existing detached single-family houses. Townhouses, duplexes, or detached houses shall be located along the boundary of multifamily housing sites over five (5) acres in size which adjoin, but do not directly face, existing detached single-family housing (e.g., back to back or side to side). The Director (or Hearing Examiner) may allow exceptions to these requirements where existing or proposed landscaping, screening, or buffers provide an effective transition between the uses. (See Chapters [18.170](#) Multi-Family Residential Design Guidelines and 18.36.140 Residential Landscape requirements.)

O. MANUFACTURED HOMES.

A manufactured home is allowed in all zoning districts that allow single family residences, if the home is a new, designated manufactured home (See OMC 18.02.180.A-Definitions), and meets the following criteria:

1. ~~Is comprised of at least two fully enclosed parallel sections each of not less than 12 feet wide by 36 feet long;~~

2. ~~Was originally constructed with and now has a composition of wood shake or shingle, coated metal, or similar roof of nominal 3:12 pitch; and~~

23. Has exterior siding similar in appearance to siding materials commonly used on conventional site-built single family residences that are built pursuant to the applicable Building Code.

P. MANUFACTURED OR MOBILE HOME PARKS.

The following requirements apply to all manufactured/mobile home parks subject to conditional use approval.

1. Site Size. The minimum size for a manufactured or mobile home park shall be five (5) acres.
2. Utilities. Manufactured or mobile home parks shall be completely and adequately served by City utilities.
3. Lot Sizes. Each space or lot upon which a manufactured or mobile home is to be located shall be at least two thousand five hundred (2,500) square feet in area and have a minimum width of thirty (30) feet, exclusive of common parking areas and driveways.
4. Accessory Buildings. Buildings and structures accessory to individual manufactured or mobile homes shall be allowed, provided at least fifty (50) percent of the space or lot remains in open space. An accessory roof or awning may be attached to a manufactured or mobile home and shall be considered a part thereof. Automobile parking spaces, which are not computed in the space or lot area, may be covered with a carport.
5. Access. All drives within the park shall be hard surfaced. Sidewalks and paths shall be provided consistent with applicable City Development Standards.
6. Clearance. There shall be at least ten (10) feet clearance between manufactured or mobile homes. Manufactured or mobile homes shall not be located closer than ten (10) feet from any building within the park or from any property line bounding the park.
7. Screening. There shall be sight-obscuring fencing (see Section [18.40.060\(D\)](#), Fencing), landscaping, or natural vegetated buffers at least eight (8) feet wide on all sides of the park. Such screening shall contain openings which provide direct pedestrian access to adjoining streets and trails.
8. Open Space. At least five hundred (500) square feet of ground area for each manufactured or mobile home space shall be made available in a centralized location or locations for recreational uses. (See Section [18.04.080\(J\)](#).) At least fifty percent (50%) of such open space shall comply with soil and vegetation protection area standards.
9. Lighting. Access roadways and recreational areas shall be provided with general area lighting at no less than five-tenths (5/10) foot candle intensity as measured at ground level.
10. Site Plan. A complete and detailed plot plan shall be submitted to the Hearing Examiner for approval. The plan shall show the locations and dimensions of all contemplated buildings, structures, spaces, driveways and roads and recreational areas. The City may require additional information as

necessary to determine whether the proposed park meets all the above mentioned conditions and other applicable provisions of this code.

Q. MIXED RESIDENTIAL DISTRICTS.

Development in Mixed Residential Districts shall comply with the following requirements:

1. Mix of Dwelling Types. Each housing project in the Mixed Residential 7-13 and Mixed Residential 10-18 districts shall attain a mix of housing types consistent with the following.

a. Mixed residential 7-13 district.

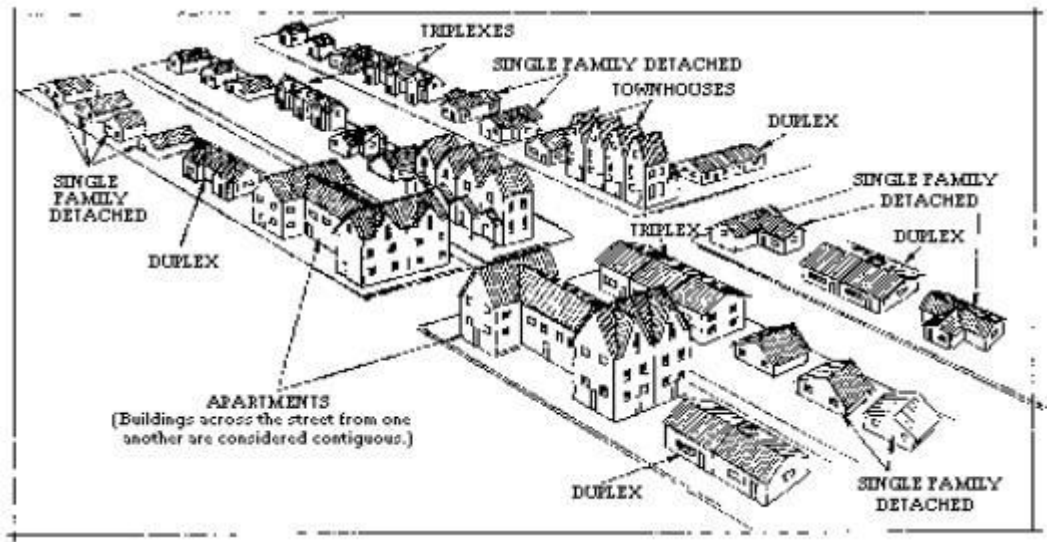

i. A minimum of sixty-five (65) percent and a maximum of seventy-five (75) percent of the total authorized units in a development must be single family dwellings. At least seventy (70) percent of these single family dwellings must be detached.

ii. A minimum of twenty-five (25) percent and a maximum of thirty-five (35) percent of the authorized housing units shall consist of duplexes, triplexes, or larger apartment buildings. A maximum of fifteen (15) percent of the authorized dwelling units may be contained in apartment buildings with five (5) or more units.

b. Mixed residential 10-18 district.

i. A minimum of thirty-five (35) percent and a maximum of seventy-five (75) percent of the authorized dwelling units in a development must be single family dwellings.

ii. A minimum of twenty-five (25) percent and a maximum of sixty-five (65) percent of the authorized dwelling units shall consist of duplexes, triplexes, or larger apartment buildings. A maximum of fifty-five (55) percent of the authorized units may be contained in apartment buildings with five (5) or more units.

**Housing types in MR Districts must be intermixed.**

**FIGURE 4-1**

- c. Housing developments in the MR Districts shall intermix housing types rather than segregating them from one another. (Also see Section [18.04.060\(N\)\(2\)](#).)
  - i. No more than two (2) apartment buildings with more than five (5) units shall be contiguous to one another (uninterrupted by another housing type). Buildings separated by streets shall be considered contiguous.
  - ii. No more than three (3) townhouse structures (contained a maximum of four (4) units) shall be contiguous to one another, consistent with Chapter [18.64](#), Townhouses.
  - iii. No more than three (3) duplexes, triplexes or fourplexes shall be contiguous to one another.
2. Large or Phased Subdivisions. Proposed subdivisions in the MR 7-13 or MR 10-18 districts containing more than five (5) acres or creating tracts for future subdivision shall be processed pursuant to Chapter [18.56](#). The master plan for the development shall show how the entire site (in contiguous ownership) will be subdivided/developed consistent with the requirements contained in a. above and other relevant provisions of this Code.
3. Compliance with Standards. Subdivision plats for property in the MR 7-13 or MR 10-18 districts shall include a restriction prohibiting any future subdivision of lots or tracts which would increase the density in the original project area beyond the maximum density allowed in Table 4.04 (and as hereafter amended) or deviate from the mix of dwelling types required in a. above.

R. WORKSHOP FOR DISABLED PEOPLE.

All nonprofit institutions serving the mentally or physically challenged which are subject to conditional use approval shall comply with the standards for commercial, business and trade schools (Section [18.06.060\(X\)](#)).

S. NURSING OR CONVALESCENT HOME.

The Director or Hearing Examiner, as applicable, may increase the minimum lot size, screening, setback and other requirements for nursing and convalescent homes as necessary to ensure their compatibility with adjacent residential uses.

T. PARKS AND PLAYGROUNDS.

1. Neighborhood Parks. Neighborhood parks are allowed as permitted uses in the districts specified in Table 4.01, provided they comply with the following provisions. Proposed parks which do not comply with these provisions shall be processed as conditional uses.

- a. The proposed park will not contain athletic fields which are lighted or designed for organized, competitive team sports (e.g., regulation size softball or soccer fields).
- b. The proposed park site does not abut a convalescent/nursing home or hospital, except where the facility's administrator indicates in writing that such a park would be compatible with the use.
- c. The park will close by 10:00 p.m.
- d. The park will contain no more than ten (10) parking spaces.
- e. The park will be no larger than ten (10) acres.

2. Public Trails. Public trails are allowed as permitted uses in all residential districts provided that the parking area at the trail head(s) contains space for no more than ten (10) motor vehicles. Trails served by parking lots with capacity for more than ten (10) motor vehicles shall be conditional uses.

3. Public Open Space. Public open space is allowed as a permitted use in all residential districts provided that any associated parking area contains space for no more than ten (10) motor vehicles. Public open spaces served by parking lots with capacity for more than ten (10) motor vehicles shall be conditional uses.

4. Conditional Use Requirements. The following requirements apply to all public parks, playgrounds and recreation facilities subject to conditional use approval. [NOTE: Tennis, basketball and similar recreational courts and facilities built in conjunction with a residential development shall be

considered as an accessory use and do not require conditional use approval, provided the use of the facilities is limited to residents of that development and their guests. Athletic facilities shall be deemed accessory to a place of worship if the use is limited to members and guests.]

- a. Outdoor play areas shall be sited and screened to protect the neighborhood from noise and other disturbances which would pose a nuisance for occupants of adjoining residences.
- b. If food service facilities are proposed as part of the park, they shall be noted separately in the plans and given specific consideration by the Hearing Examiner.
- c. If the facility will contain food service facilities or is intended to be used for tournaments, additional parking shall be provided as required by the Hearing Examiner.
- d. The Hearing Examiner shall approve recreational facilities only if the proposed facility will not have a significant adverse effect on the immediate neighborhood.

#### U. PLACES OF WORSHIP.

The following requirements apply to all places of worship subject to conditional use approval.

1. Location. Before a place of worship may be located in an R-4, R 4-8, R 6-12, MR 7-13 or MR 10-18 district, at least one (1) of the following locational criteria shall be met:
  - a. The proposed place of worship shall be located within three hundred (300) feet of an arterial street, major collector street, or an access point on a highway; or
  - b. The site is within three hundred (300) feet of a school and/or park; or
  - c. The place of worship was the legal owner of the property prior to June 20, 1961.
2. Plan Review. Plans showing the site layout and design of proposed buildings shall be submitted for approval to the Hearing Examiner and the Director.
3. Size. The minimum lot size shall be twenty thousand (20,000) square feet.
4. Dwelling Units. Any dwelling in conjunction with a place of worship shall comply with the provisions governing residential uses in the district where it is located.
5. Conversion. No existing building or structure shall be converted to a place of worship unless such building or structure complies or is brought into compliance with the provisions of this code and any other applicable City regulations.

6. Screening. There shall be sight-obscuring screening along the perimeter of parking lots adjunct to a place of worship which are located across the street from or abutting a residential use. (See Chapter [18.36](#), Landscaping and Screening.)

7. Associated Uses. Uses sponsored by a place of worship such as day-schools, auditoriums used for social and sports activities, health centers, convents, preschool facilities, convalescent homes and others of similar nature shall be considered separate uses subject to the provisions of the district in which they are located. (See Section [18.04.060](#)(D) which provides for child care centers as accessory uses.)

#### V. PUBLIC FACILITIES.

The following requirements apply to all public facilities in residential districts. (Also see Section [18.04.060](#)(W), Public Facilities-Essential.)

1. Location. Public buildings, park-and-ride lots, and bus transfer stations shall be located along arterial or major collector streets.
2. Site Design. The Hearing Examiner may deviate from the development standards specified in Section [18.04.080](#), based on other developments within the neighborhood and the utilization and functions of the use being established. In no case, however, shall the lot size be less than the minimum lot size established by Table 4.04. Landscaping and screening shall meet the requirements for commercial uses, as specified in Chapter [18.36](#), Landscaping and Screening.
3. Ownership. If the facility is in a residential district (listed in Chapter [18.04](#) or [18.05](#)), it must be owned or leased by a governmental agency. Property under lease to the government must be subject to an agreement establishing a clear intent to purchase, beyond an option to purchase.
4. Storage Facilities. If the facility is intended for storage of equipment or materials, it shall be limited to serving the section of the city in which it is located. Storage of park equipment and materials shall be considered accessory to the park and shall not be subject to this requirement.

#### W. PUBLIC FACILITIES, ESSENTIAL.

The following essential public facilities are allowed subject to the conditions below and any other applicable provisions of this code: Colleges; group homes (not including secure community transition facilities); sewage treatment facilities; communication towers and antennas; state highways; and railroad lines.

1. Classification of Essential Public Facilities. Essential public facilities shall be classified as follows:

- a. Type one: These are major facilities serving or potentially affecting more than one (1) county. They include, but are not limited to, regional transportation facilities; state correction facilities; and colleges.
  - b. Type two: These are local or interlocal facilities serving or potentially affecting residents or property in more than one (1) jurisdiction. They include, but are not limited to, county jails, county landfills, community colleges, sewage treatment facilities, communication towers, and group homes. [NOTE: Such facilities which would not have impacts beyond the jurisdiction's boundary would be Type Three facilities.]
  - c. Type three: These are facilities serving or potentially affecting only Olympia. In order to enable the City to determine the project's classification, the applicant shall identify the approximate area within which the proposed project could potentially have adverse impacts, such as increased traffic, public safety risks, noise, glare, or emissions.
2. Notification. Prospective applicants for Type One or Type Two essential public facilities shall provide early notification and involvement of affected citizens and jurisdictions as follows:
  - a. At least ninety (90) days before submitting an application for a Type One or Type Two essential public facility, the prospective applicant shall notify the affected public and jurisdictions of the general type and nature of the proposed project. This shall include identification of sites under consideration for accommodating the proposed facility, and the opportunities to comment on the proposal. Applications for specific projects shall not be considered complete without proof of a published notice regarding the proposed project in a local newspaper of general circulation. This notice shall include the information described above and shall be published at least ninety (90) days prior to submission of the application. [NOTE: The purpose of this provision is to enable potentially affected jurisdictions and the public to collectively review and comment on alternative sites for major facilities before the project sponsor has made a siting decision. The Thurston Regional Planning Council may provide the project sponsor and affected jurisdiction(s) with their comments or recommendations regarding alternative project locations during this ninety (90) day period.]
3. Critical Areas. Essential public facilities shall not have any probable, unmitigatable, significant adverse impact on Critical Areas.
4. Proximity to Arterials. Essential public facilities which are expected to generate more than five hundred (500) motor vehicle trips during the hour of peak traffic generation shall be sited within one-fourth (1/4) mile of a highway or arterial street served, or planned to be served, by mass transit.

5. Analysis of Alternative Sites. Applicants for Type One essential public facilities shall provide an analysis of the alternative sites considered for the proposed facility. This analysis shall include the following:

- a. An evaluation of the sites' capability to meet basic siting criteria for the proposed facility, such as size, physical characteristics, access, and availability of necessary utilities and support services;
- b. An explanation of the need for the proposed facility in the proposed location;
- c. The sites' relationship to the service area and the distribution of other similar public facilities within the service area or jurisdiction, whichever is larger;
- d. A general description of the relative environmental, traffic, and social impacts associated with locating the proposed facility at the alternative sites which meet the applicant's basic siting criteria. The applicant shall also generally describe proposed mitigation measures to alleviate or minimize significant potential impacts; and
- e. A description of the process used to identify and evaluate the alternative sites.

#### X. UTILITY FACILITY.

1. Permitted and Conditional Facilities. All utility actions and facilities described in SEPA, WAC [197-11-800](#), Part Nine, Item 23, Categorical Exemptions, shall be permitted uses. In addition, Item 23(b) shall be modified for the purposes of this section to include any utility actions and facilities specifically addressed in any adopted water, sewer, stormwater, drainage basin, or similar plan that has been subject to a public hearing, and any utility actions and facilities needed to correct system deficiencies or to satisfy other ministerial requirements when performed in conjunction with minor road and street improvements as described in SEPA Rules, WAC [197-11-800](#), Part Nine, Item 2(c). All other non-exempt actions and facilities shall require a conditional use permit.

For purposes of this Section, SEPA WAC [197-11-800](#) Part Nine, Item 23(d) shall be modified as follows: All natural gas lines of twelve (12) inches in nominal diameter or less, and appurtenances, are allowed within a dedicated and opened public right-of-way (improved public access) or easement adjacent to such right-of-way. Twelve (12) inch nominal diameter lines or greater which are located elsewhere require conditional use approval.

2. Conditional Use Requirements. The following requirements apply to all public utilities subject to conditional use approval.

- a. Demonstration of need. The applicant must demonstrate to the satisfaction of the Hearing Examiner, the need for the particular public utility in the proposed location.
- b. Plans. The applicant shall submit complete plans showing the elevations and locations of the buildings and structures, together with locations of buildings and pertinent topographic features and adjoining properties. Approval of such plans shall be contingent upon compatibility with surrounding properties.
- c. Nuisances. Rotary converters, generating machinery, or other equipment that would cause noise, electrical interference or similar disturbances beyond the property line are prohibited.
- d. Storage. Outdoor storage of motor vehicles or materials is prohibited.
- e. Screening. The site shall be screened; however, if the facility is entirely enclosed within a building, landscaping is sufficient. (See Chapter [18.36](#), Landscaping and Screening.)

#### Y. RACING PIGEONS.

- 1. Quantity. No more than fifty (50) performing or racing pigeons shall be maintained on any parcel less than one (1) acre in size. No more than one hundred (100) performing or racing pigeons shall be maintained on any parcel one (1) acre or larger in size.
- 2. Identification. Racing and performing pigeons shall be identified by a leg band containing the name or initials of the owner, or an identification number.
- 3. Maintenance. Racing and performing pigeons shall be maintained only in a loft which:
  - a. Is constructed in accordance with the standards for accessory structures.
  - b. Is located within the rear half of a lot and in accordance with the setback requirements for accessory structures.
  - c. Is maintained in a sanitary, hygienic condition so as not to create offensive odors, noise or nuisances.
    - i. Pigeons shall be maintained in a healthy, disease free condition.
    - ii. Loft scrapings, dead birds and other wastes shall be disposed of regularly and in a manner which does not create a health hazard or nuisance.
- 4. Release. Pigeons shall be released only for training and performing purposes, and shall not perch or linger on, or destroy or deface, the buildings or property of neighboring residents.

Z. RADIO, TELEVISION, AND OTHER COMMUNICATION TOWERS.

Radio, television, and other communication towers shall meet the requirements of Sections [18.04.060\(W\)](#) and [18.44.100.F](#).

AA. RMH and UR DISTRICTS COMMERCIAL USE REQUIREMENTS.

1. Commercial uses in the RMH District (see Table 4.01) shall only be allowed in mixed use buildings and shall not exceed five thousand (5,000) square feet in size.
2. Commercial uses in the UR District (See Table 4.01) shall only be allowed in mixed use buildings and shall not exceed ten percent (10%) of gross floor area or five thousand (5,000) square feet in size, whichever is smaller.
3. In the UR District, on half block areas facing Union Street office/commercial or other allowed uses equivalent to one story may be built when part of a housing project.

BB. RMU DISTRICT REQUIREMENTS.

Projects in the RMU District shall comply with the following requirements:

1. Proportions of Residential and Commercial Development.
  - a. Residential development shall comprise at least fifty (50) percent of the gross floor area of any development permitted in this district after January 1, 1994. Non-residential conditional uses are exempt from this residential requirement. Housing required in this district must be located within the contiguous RMU District in which the proposed commercial component of the project is located.
  - b. Up to fifty (50) percent of the total building floor area for a development in the RMU District may consist of commercial development in the following configurations:
    - i. Mixed use buildings; or
    - ii. Commercial and residential uses in separate buildings on the same site; or
    - iii. Commercial and residential uses on separate sites within a contiguous district.
2. Occupancy. Housing constructed as part of a mixed-use project must receive final inspection at the same time as, or in advance of, issuance of an occupancy permit for non-residential portions of the project.

3. Conversion. Housing provided to satisfy this requirement shall not be converted to commercial use. [NOTE: A deed restriction may be used to satisfy this requirement.]

#### CC. SCHOOLS.

The following requirements apply to all academic schools subject to conditional use approval. Colleges shall also be subject to the following conditions when locating in a residential or village district (listed in this Chapter and Chapter [18.05](#)).

1. Site Size. Middle and high schools in residential and village districts (listed in Chapters [18.04](#) and [18.05](#)) and elementary schools in all districts shall have a minimum site size of one (1) acre per one hundred (100) students (e.g., one (1) to one hundred (100) students requires a one (1) acre site; a two (2) acre site is needed for an enrollment of one hundred and one (101) students to two hundred (200) students. The Hearing Examiner may allow smaller school sites if the applicant demonstrates that:
  - a. The size of the site is sufficient to accommodate proposed facilities and activities without creating significant adverse impacts upon residents of adjoining properties; and
  - b. The proximity and typical impact (e.g., noise, glare, and emissions) of adjoining uses would not routinely disrupt students.
2. Outdoor Play Area. Sites accommodating elementary schools with ten (10) or more students shall contain at least two (2) square feet of open space (consistent with Section [18.04.080\(J\)\(1\)](#)) for every one (1) square foot of floor area devoted to classrooms. This open space shall contain an outdoor play area (open or covered) equipped with play equipment suitable for the students' age group. No dimension of such play areas shall be less than twenty (20) feet.
3. Building Size. The building, or the portion of the building used as a school, shall contain at least eighty (80) square feet of gross floor area per student enrolled at the school. The Hearing Examiner may allow a smaller building size if the applicant demonstrates that less space is needed to accommodate the proposed school.
4. Screening. Any portion of the site which abuts upon a residential use shall be screened. (See Chapter [18.36](#), Landscaping and Screening.)
5. Portables. Portable classrooms are permitted as accessory uses for an existing school. However, installation of more than ten (10) portables per school shall require conditional use approval. All portables and other accessory buildings must comply with screening requirements in 4. above.

6. Building Expansion. Building expansion depicted in a City-approved master plan or comprising no more than ten (10) percent of a preapproved floor plan is permitted. Greater expansion shall require conditional use approval. All incremental expansions are considered cumulative.

DD. TEMPORARY USES.

1. Intent. Certain uses, when active for a limited period of time and when properly regulated, can be compatible, or otherwise limited in impact to neighboring properties and the general community. In accord with this intent, no temporary use shall be allowed unless a temporary use permit is approved by the City as prescribed by this section. Each separately proposed activity or use shall require a separate permit and payment of the fee required by OMC [4.40.010\(A\)](#).

2. General Standards. Temporary uses are subject to the following regulations:

a. No temporary use shall be permitted on public rights-of-way, unless a rights-of-way obstruction permit is authorized by the Public Works Department.

b. Temporary uses not listed in the use table in this chapter may be authorized by the applicable approval authority, provided such temporary uses are similar to and no more intensive than other temporary uses permitted in the district in which the subject property is located.

c. The applicable approval authority may apply additional conditions to any temporary use permit in order to:

i. Ensure compliance with this chapter;

ii. Ensure that such use is not detrimental to neighboring properties and the community as a whole; and

iii. Ensure compliance with the International Building Code.

d. Within three (3) days after termination of the temporary use permit, such use shall be abated and all structures, signs and evidence of such use removed. The City may require a financial surety be posted by the applicant upon application to defray the costs of cleanup and repair of the property should the permittee fail to do so. The property owner is responsible for any abatement action and costs should the permittee fail to properly clean and repair the property.

e. Temporary use permits not exercised within thirty (30) days of issuance shall be null and void.

3. Specific Temporary Use Standards. The following temporary uses are permitted subject to the requirements below.

- a. Use of mobile homes as emergency housing during reconstruction of a dwelling following damage sustained from earthquake, fire, storm or other natural disaster, not to exceed the period of reconstruction.
- b. One model home per five acres may be constructed in each subdivision prior to final plat approval. Model homes shall contain a functional restroom served by City water. The applicant for a model home permit shall provide adequate parking and emergency access. The Director may authorize appropriate temporary provisions of water and sewer service and other utilities prior to final plat approval. Operation of model homes shall cease when building permits have been issued for ninety (90) percent of the subdivision's lots.
- c. Residences rented for personal social events, such as wedding receptions, private parties or similar activities. No more than six (6) such events may occur during any one (1) year.
- d. Temporary, commercial wireless communications facilities, for the purposes of providing coverage of a special event such as news coverage or sporting event. Such facilities must comply with all federal and state requirements. Temporary wireless communications facilities may be exempt from the provisions of Chapter [18.44](#) up to one week after the duration of the special event.

4. Violations. At any time when such temporary use is operated in violation of required conditions of this section, or otherwise found to constitute a nuisance, the City may revoke the temporary use permit. The permittee shall be given notice of and an opportunity to contest the revocation prior to a final determination. If, in the opinion of the approval authority, the violation poses a life, health, or safety threat, the temporary use permit may be revoked immediately, and the permittee shall be given the opportunity to request reconsideration and/or appeal.

#### EE. GARAGE PLACEMENT AND WIDTH.

(Also see OMC [18.100](#), Design Review, and OMC [18.175](#), Infill and Other Residential.)

- 1. Applicability. The standards listed in Subsection 3 below apply only to:
  - a. Single-family dwellings on lots of less than five thousand (5,000) square feet in size located in subdivisions for which a complete preliminary plat application is submitted after April 22, 1996;
  - b. Duplexes;

c. Triplexes; and

d. Fourplexes.

2. Exceptions. The dwellings listed in Subsection 1.a. above are exempt when located on one of the following types of lots:

a. Lots fronting on private access lanes (see the City of Olympia Engineering Design and Development Standards as adopted in OMC [12.02](#)) where the garage would not face a public street;

b. Flag lots (see OMC [18.02.180](#), Definitions, Lots);

c. Wedge-shaped lots (see OMC [18.02.180](#), Definitions, Lots); and

d. Lots with trees or topography which preclude compliance with the provisions of this Section, as determined by the approval authority.

3. Garage Standards.

a. Garages shall not protrude ahead of the dwelling's ground floor front facade more than:

i. Eight (8) feet on two (2) story dwellings (i.e., dwellings with habitable space above the ground floor); or

ii. Four (4) feet on single-story dwellings.

These requirements above (i. and ii.) do not apply to garages with doors which do not face the street (see OMC [18.175.060](#), Residential Design Guidelines - Garage Design), or garages flush with the supporting posts of covered porches which span the remainder of the dwelling's front facade.

b. Garage width shall not exceed the following percentage of the dwelling's front facade:

i. Two-story dwellings (containing habitable space above the ground floor): sixty (60) percent.

ii. Single-story dwellings: fifty percent (50%).

For purposes of the above measurements, garage width shall include the garage doors facing the street plus any required supporting panel. The dwelling's facade shall be measured in a straight line, parallel to the building face, between the outermost ends of the facade facing the

street. See Figure 4-2b.

**Areas Subject to Infill Regulations**

Where the boundary coincides with a street, lots on both sides of the street are subject to the applicable regulations and design guidelines.

**FIGURE 4-2a**

**Measurement of Front Facade**

**FIGURE 4-2b**

FF. HIGH DENSITY CORRIDOR TRANSITION AREA.

The High Density Corridor Transition Area is delineated in Figures 4-2c and 4-2d. The following standards shall apply to this area:

1. ~~Triplex and~~ Fourplex housing types shall be permitted uses in areas designated in Figures 4-2c and 4-2d.
2. The development standards of the underlying zone shall apply to ~~triplexes and~~ fourplexes, except as stated below:
  - a. ~~A triplex shall have a minimum lot size of 7,200 square feet.~~ A fourplex shall have a minimum lot size of 9,600 square feet.
  - b. ~~Both triplexes and f~~fourplexes shall have a minimum lot width of 80 feet.
  - c. Three stories are allowed with a maximum 35 foot height.
  - d. Side yard setbacks for ~~triplex and~~ fourplex housing types shall be a minimum of ten feet.
  - e. Development subject to the provisions of this chapter shall meet design standards contained in [18.175](#) Infill and Other Residential.

FIGURE 4-2c

**FIGURE 4-2d**

**GG. ELECTRIC VEHICLE INFRASTRUCTURE (EVI).**

Electric Vehicle Infrastructure shall be considered an accessory use when it meets any of the following criteria:

1. A battery charging station is sited on the premises of a single family home for residential use and not commercial use;
2. When any Level 1 or 2 charger is sited within a parking lot or parking structure; or
3. When any battery charging station or a single battery exchange station is sited on the premises of a service station.

**HH. DUPLEXES ON CORNER LOTS**

Duplexes are allowed on all corner lots in all zoning districts that permit single-family residences provided the applicant can demonstrate compliance with other development standards, such as setbacks, lot coverages, building height and number of stories, stormwater provisions, parking, and design review.

**II. COURTYARD APARTMENTS**

Courtyard Apartment housing developments shall comply with the following requirements:

1. Courtyard. The development shall contain a courtyard or usable landscaped open space area for the shared use and enjoyment of the residents of the dwellings. All residential units shall have direct access to the courtyard.

2. Site Design. Dwelling units shall be located on at least two (2) sides of the courtyard. Open space shall be provided as follows:

- a. A minimum of four hundred fifty (450) square feet of private, contiguous, usable, open space shall be provided adjacent to each dwelling unit. No dimension of this open space area shall be less than ten (10) feet in any direction.
- a. A minimum of fifteen hundred (1500) square feet or two hundred (200) square feet per unit, whichever is more, shall be provided in common open space (e.g., available for the use of all residents of the development). This open space shall be contained in a contiguous area with no dimension less than twenty (20) feet. A substantial portion of such open space shall be sufficiently level (e.g., less than five (5) percent slope) and well drained to enable active use, as determined by the City.
- b. Parking and maneuvering areas for automobiles do not count toward open space areas.

3. Number of Units. The development shall include no less than four (4) and no more than twelve (12) dwelling units per courtyard. The units may be attached to or detached from each other

#### 18.04.080 Residential districts' development standards

Table 4.04 identifies the basic standards for development in each residential district contained in this chapter. The sections referenced in Table 4.04 refer to the list of additional regulations below.

##### A. Maximum Housing Densities.

###### 1. Calculation of Maximum Density.

a. The maximum housing densities specified in Table 4.04 are based on the total area of the entire site, including associated and/or previously dedicated right-of-way, but not including streams, wetlands, landslide hazard areas, "important habitat areas," and "important riparian areas" and land to be dedicated or sold for public parks, schools or similar non-residential uses.

b. Convalescent homes. Convalescent homes and nursing homes containing dwelling units which rely on shared cooking/dining facilities shall count as one (1) dwelling unit for purposes of the maximum density calculation. Independent dwelling units (i.e., containing a bed, bathroom and a kitchen with a sink, stove, and refrigerator) in convalescent/nursing homes, however, shall be counted as individual dwelling units in the density calculation. The density for a site or parcel containing a convalescent/nursing home which is part of a larger project shall be calculated separately from other portions of the site under development (i.e., density shall not be transferred from a site occupied by a nursing home to another portion of the development).

2. Mixed Residential and Multifamily Districts. The maximum housing densities shown in Table 4.04 refer to the maximum density of each project. Projects within multiple districts shall conform with the density for the portion in each district.

3. Accessory Dwelling Units. Accessory dwelling units built ~~on infill lots subsequent to the initial occupancy of the primary residence on a lot~~ are not subject to the maximum density limits specified in Table 4.04. In addition, accessory units built on a maximum of twenty (20) percent of a subdivision's lots prior to the time the primary unit on the lot is initially sold are not subject to the maximum density limitations.

4. Density Bonuses. The maximum housing densities identified in Table 4.04 may be increased as follows, provided, however, that in the R 4-8 District, TDRs must be obtained (see Section [18.04.080\(A\)\(5\)\(b\)](#)):

a. Restoration of Critical Areas. At the request of the applicant, the Hearing Examiner may grant a density bonus of up to twenty (20) percent for sites on which damaged or degraded wetlands or stream corridors (e.g., streams and stream banks within the outer limits of any required buffer) will be restored and maintained according to specifications approved by the

City. Sites proposed for this density bonus shall be posted with a notice describing the proposal and opportunities for the public to comment. Property owners within three hundred (300) feet of the site shall be given notice of the proposal and fifteen (15) days to comment. Such notice may be done concurrently with any other notice required by this Code. Prior to taking action on a request for a density bonus, the Hearing Examiner shall consider the public's comments, the expected public benefit that would be derived from such restoration, the probable net effect of the restoration and the increased density on the site, the relative cost of the restoration and the value of the increased density, and the potential impact of increased density on surrounding land uses, traffic, infrastructure, schools, and parks. The City may require the applicant to provide an estimate of the cost of the proposed restoration and other information as necessary to make this determination. This bonus does not apply to site features which were damaged in the course of a current project (e.g., under an active permit) or as a result of an illegal or intentional action by the current property owner or their representative.

b. Cottage housing. Cottage housing projects shall receive a twenty (20) percent density bonus.

c. Townhouses. Townhouses shall receive a fifteen (15) percent density bonus in the R 4-8 and R 6-12 districts.

d. Low income housing. A density bonus shall be granted for low income housing (see Section [18.02.180](#), Definitions) at the rate of one (1) additional housing unit allowed for each unit of low income housing provided, up to a maximum of a twenty (20) percent bonus.

The applicant shall submit to the Department a document approved by the City Attorney stating that the low income housing which is the basis for the density bonus shall remain for a period of at least twenty (20) years from the date the final inspection is conducted by the Building Official. This document shall be recorded, at the applicant's expense, at the Thurston County Auditor's Office as part of the chain of title of the affected parcels.

5. Transfer of Development Rights. Development Rights must be obtained from an eligible property owner in a Thurston County Transfer of Developments Rights Sending Zone in order to develop above seven (7) units per acre in an R 4-8 District. However, this requirement does not apply to density bonuses granted in accordance with Section [18.04.080](#)(4).

6. City staff will review residential permitting in areas designated as Low Density Neighborhood in the adopted Comprehensive Plan Future Land Use Map on an annual basis to review the achieved density. If achieved density approaches or exceeds the density anticipated in the comprehensive plan, the city will make revisions as needed to maintain consistency between the Comprehensive Plan and development regulations.

## B. Minimum Housing Densities

### 1. Calculation of Minimum Density.

a. (Note: Table 5.05 in Section 18.05.) The total area of the entire site shall be included in the minimum density calculation except streams, wetlands, landslide hazard areas, floodplains, "important habitat areas," and "important riparian areas" and their associated buffers; tracts accommodating stormwater facilities required in compliance with the Drainage Manual tracts provided for trees pursuant to the Tree Protection and Replacement Ordinance; existing, opened street rights-of-way; and land to be sold or dedicated to the public in fee (e.g., school sites and public parks, but not street rights-of-way to be dedicated as part of the proposed development).

b. All dwelling units in convalescent homes/nursing homes and accessory dwelling units count toward the minimum density required for the site by Table 4.04.

2. Average Density. A housing project may contain a variety of housing densities (consistent with Table 4.04) provided that the average density for the entire development (e.g., all of the property subject to a single subdivision, site plan, or PRD approval) is neither less than the minimum density nor more than the maximum average density established for the applicable district in Table 4.04.

3. Allowance for Site Constraints. At the request of the applicant, the Director may reduce the minimum density required in Table 4.04, to the extent the Director deems warranted, to accommodate site constraints which make development at the required minimum density impractical or inconsistent with the purposes of this Article. Factors which may warrant a density reduction include poor soil drainage, the presence of springs, topography exceeding twenty (20) percent slope, rock outcrops, sensitive aquifers used as a public water source or wellhead protection areas). As a condition of granting a density reduction, the applicant must demonstrate that the minimum density cannot be achieved by clustering the housing on the buildable portions of the site (see Section [18.04.080\(F\)](#)). The Director may also authorize a reduction in the minimum density requirements, if necessary, to enable development of small (i.e., less than six (6) acres in size), oddly shaped, or partially developed parcels if the site's configuration or constraints (e.g., existing structures) preclude development at the minimum density specific in Table 4.04. Also see Subsection (E), Developments without Sewer Service, below.

4. Allowance for Transitional Housing and Mixed Residential Projects. The Director may reduce the minimum densities required by Table 4.04 to enable provision of lower density housing along the perimeter of multifamily housing projects, as required by Section [18.04.060\(14\)](#) or as necessary to accommodate the mix of housing types required by Section [18.04.060\(Q\)\(1\)](#).

5. Transfer of Development Rights. In the alternative, in order to develop at a density of four (4) to four point ninety-nine (4.99) dwelling units per acre in the R 4-8 District, Development Rights may be obtained from an eligible property owner in a Thurston County Transfer of Development Rights Sending Zone (see Section [18.02.180](#), Definitions). The number of dwelling units proposed for the site plus the number of Development Rights units applied to the site shall total at least five (5) units per acre. (For example, if the applicant proposes to develop a ten (10) acre site at four (4) units per acre, the applicant would have to obtain ten (10) Development Rights.) (Also see Chapter [18.90](#), Transfer of Development Rights.)

C. Minimum Lot Size.

1. Nonresidential Uses. The minimum lot size for non-residential uses (e.g., places of worship and schools) is larger than the minimum lot size identified in Table 4.04. Refer to Table 4.01 and Section [18.04.060](#) for regulations pertaining to non-residential uses. Also see Section [18.04.060](#)(K) for the lot size requirements for group homes.

2. Undersized Lots. Undersized lots shall qualify as a building site if such lots were recorded prior to June 19, 1995 or they were approved as part of a Planned Residential Development, Master Planned Development (See Chapter [18.56](#)) or clustered housing development, consistent with Section [18.04.080](#)(F); provided, however, that any lot of record which does not comply with the width requirements of this code shall not be constructed upon unless (1) it is legally combined with undeveloped contiguous land in the same ownership which in combination create a lot of the size specified in Table 4.04 (or as modified by other provisions of this Article); or (2) it is approved by Design Review Board Staff, who shall perform an architectural review of the proposal for compliance with the criteria specified in Chapter [18.100](#), Design Review.

3. Clustered Lots. Lot sizes may be reduced by up to twenty (20) percent consistent with Section [18.04.080](#)(F), Clustered Housing.

4. That portion of any lot which is less than thirty (30) feet in width shall not be considered part of the minimum lot area required in Table 4.04, unless such area conforms with the minimum lot width, e.g., townhouse lot.

D. Transitional Lots.

1. Lot Size. The square footage and width of lots in developments larger than five (5) acres located in the MR 7-13, MR 10-18, or RM-18 districts, which immediately abut an R-4, R 4-8 or R 6-12 district, shall be no less than eighty-five (85) percent of the minimum lot size and width required in the adjoining lower density district.

2. Setbacks. The minimum rear yard building setback for lots in the MR 7-13, MR 10-18, and RM-18 districts which share a rear property line with a parcel in an R4, R 4-8, or R 6-12 district shall be no less than the setback required for the adjoining lower density district.

E. Developments without Sewer Service. Residential developments which rely on on-site sewage disposal or water systems are subject to the following requirements:

1. Subdivisions.

a. Subdivisions, planned residential developments (PRD) and Master Planned Developments (see Chapter [18.56](#)) which rely on on-site sewage disposal shall cluster the lots on a portion of the site and create a reserve tract which will not be available for subdivision or other development until municipal sewer and water are available.

The development shall be of a design and density (consistent with Environmental Health and other applicable regulations) so that the initial clustered lots and the subsequently subdivided reserve tract ultimately attain at least the minimum density specified for the district in Table 4.04. (Unless the Director determines that fewer lots are required, consistent with Section [18.04.080](#)(B), Minimum Housing Densities.)

b. Approval of clustered subdivisions, short subdivisions, binding site plans, or PRDs relying on on-site sewage disposal shall be contingent upon approval of a future development plan which demonstrates that the reserve tract can be subdivided to create sufficient lots to comply with Subsection (1) above. Such plans shall depict a schematic lot layout, the approximate location of utility easements, and potential street access, consistent with the transportation policies and Map 6-3 contained in Chapter 6 of the Comprehensive Plan for Olympia and the Olympia Growth Area, 1994 (and as hereafter amended). Future development plans shall not be required to be stamped by an engineer or surveyor. (The purpose of the plan is to show that the undeveloped portion of the site can be ultimately developed at urban density, not to limit future development to a specific development scheme. However, the initial subdivision or site development must be consistent with the future development plan.)

2. Individual Lots.

a. Issuance of building permits for dwellings proposed for parcels five (5) or more acres in size without sewer service shall be contingent upon approval of a future development plan for the parcel. Such plans shall demonstrate, consistent with 1.b. above, how the parcel can be potentially developed at the minimum density established for the district (see Table 4.04) when public sewer and water are available. While this plan will not bind future development, the initial development, including the septic system location, must be consistent with it.

b. Issuance of building permits for dwellings without sewer service on parcels between one (1) and five (5) acres in size shall be contingent upon approval of a building site plan or future development plan which demonstrates that the parcel can potentially accommodate one (1) or more additional houses in the future. While future development will not be bound by this plan, the initial development shall be consistent with it. Developers of such lots shall locate individual or community sewage disposal systems, to the extent possible, where they can be efficiently converted to a public sewage collection system in the future.

F. Clustered Housing.

1. Mandatory Clustering. The Director or Hearing Examiner may require that the housing units allowed for a site be clustered on a portion of the site in order to protect ground water used as a public water source (e.g., wellhead protection areas), to enable retention of windfirm trees (which are appropriate to the site and designated for retention, consistent with Chapter [16.60](#), Tree Protection and Replacement, OMC), to accommodate urban trails identified on Map 7-1 of the Comprehensive Plan, to preserve scenic vistas pursuant to Sections [18.20.070](#), View Preservation and 18.50.100, Scenic Vistas, or to enable creation of buffers between incompatible uses (also see Chapter [18.36](#), Landscaping and Screening).

The Director or Hearing Examiner may allow up to a twenty (20) percent reduction in lot dimensions, sizes and setback requirements, consistent with the Uniform Building Code, to facilitate the clustering of the permitted number of dwelling units on the site. The required clustering shall not result in fewer lots than would otherwise be permitted on the site (at the minimum density specified in Table 4.04), without written authorization by the applicant.

2. Optional Clustering. Applicants for housing projects may request up to twenty (20) percent reduction in lot sizes, dimensions, and building setback requirements in order to cluster housing and retain land serving the purposes listed in a. above; or to avoid development on slopes steeper than twenty (20) percent; or to preserve natural site features such as rock outcrops; or otherwise enable land to be made available for public or private open space. Applicants proposing to place sixty-five (65) percent or more of a development site within a tree or vegetation protection or critical areas tract or tracts (see OMC chapter [16.60](#) and section [18.32.140](#)) and not exceed 10% overall impervious coverage may request approval of housing forms not otherwise permitted in the zoning district so long as the number of resulting residential units does not exceed the standard maximum by more than twenty (20) percent. Such alternative housing forms may exceed height and story limits otherwise applicable in the district, except for height and story limits specifically intended to soften transitions between zoning districts. For example, three-story multi-family housing may be approved in a two-story single-family housing district. The Director or Hearing Examiner, as applicable, may grant such requests only if the Director or Hearing Examiner determines that the development would not have a significant adverse impact on public facilities and surrounding land uses.

G. Lot Width.

1. Measurement. The minimum lot width required by Table 4.04 shall be measured between the side lot lines at the point of intersection with the minimum front setback line.

H. Setbacks.

1. Measurement. The required setback area shall be measured from the outermost edge of the building foundation to the closest point on the applicable lot line.
2. Reduced Front Yard Setbacks. Front yard setbacks in the R-4, R 4-8, R 6-12, MR 7-13 and MR 10-18 districts may be reduced to a minimum of ten (10) feet under the following conditions:
  - a. When garage or parking lot access is from the rear of the lot;
  - b. When the garage is located at least ten (10) feet behind the front facade of the primary structure on the lot; or
  - c. When the driveway will be aligned to provide at least a twenty (20) foot long parking space between the sidewalk edge (closest to lot) and the garage. (See OMC [18.100](#), Design Review, and OMC [18.175](#), Infill and Other Residential.)

**FIGURE 4-3**

3. Rear Yard Setbacks. See OMC [18.04.080\(H\)\(5\)](#), Encroachments into Setbacks, Section [18.04.080\(D\)\(2\)](#), Transitional Lots, and Table 4.04.

4. Side Yard Setbacks.

a. Reduced side yard setbacks. Except for the R-4CB district, a side yard building setback shall not be required for a lot served by an alley (such alley must be open, improved and accessible, not solely a right-of-way) provided it meets the following conditions:

i. Provision for reduced or zero setbacks shall specifically appear upon the face of a final short or long plat. Such plat shall provide that the minimum distance between residences will be six (6) feet. If the distance between a proposed dwelling and a property line is less than three (3) feet, the applicant shall provide evidence of a maintenance easement, at least three (3) feet in width, which provides sufficient access for the owner of the dwelling to maintain the applicable exterior wall and roof of the dwelling. (Except as expressly provided, any reduced side yard provision appearing on a final plat shall withstand later amendments of this Title and shall be considered conforming.)

ii. Side yard setbacks shall not be less than five (5) feet along a property line adjoining a lot which is not developed or approved for reduced setbacks (e.g., a conventional lot with two (2) five (5) foot wide side yard setbacks). Side yard setbacks shall not be less than ten (10) feet along property lines which abut a public rights-of-way.

b. The minimum side yard setback from bikepaths and walkways shall comply with the side yard setback from the lot line as specified for the district in Table 4.04.

5. Encroachment Into Setbacks. The buildings and projections listed below shall be allowed outside of utility, access or other easements. See OMC [18.04.080](#)(H)(5) for additional exceptions.

a. Except for Accessory Dwelling Units, any accessory structures may be located in a required rear yard and/or in the rear twenty (20) feet of a required interior side yard; however, if a garage entrance faces a rear or side property line, it shall be setback at least ten (10) feet from that property line. Accessory dwelling units may not encroach into required side yard setbacks.

b. Up to fifty percent (50%) of a rear yards width may be occupied by a dwelling (primary residence or ADU) provided that the structure (foundation) is located at least ten (10) feet from the rear property line. For purposes of this Section, the rear yards width shall be measured in a straight line between the side property lines at the point of intersection with the rear property line.

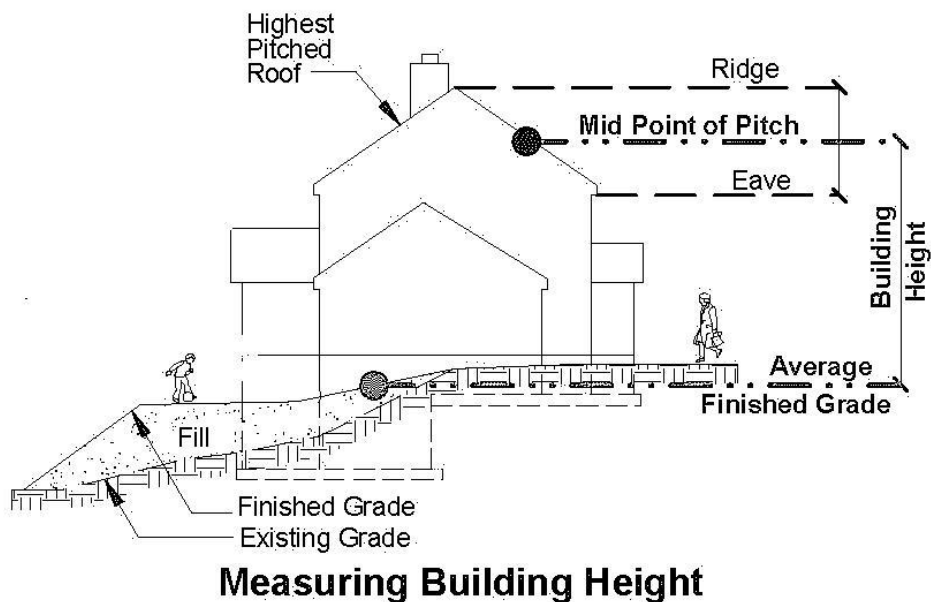

6. Front yard setbacks for through lots. A through lot has two (2) front lot lines parallel or approximately parallel to each other. The front yard setback shall apply to each front lot line, except the Director may designate one (1) of the front lot lines as a rear lot line, provided the following criteria are met:

a. Orientation of the lot or structure shall be considered; and

- b. At least sixty percent (60%) of the lots or structures within the neighborhood block, or area being considered, are oriented in a similar direction away from the lot line being designated as a rear lot line.

I. Height.

1. Roof Projections. The following structures may exceed the height limits specified for the district in Table 4.04 by eighteen (18) feet, provided that such structures do not contain floor space: roof structures housing elevators, stairways, tanks, ventilating fans or similar equipment required to operate and maintain the building; fire or parapet walls; skylights; towers; flagpoles; chimneys; smoke stacks; wireless masts; television antennas; steeples; and similar structures.

**FIGURE 4**

2. RMU District Height Regulations.

- a. Base building heights. The base building heights allowed in the RMU District are specified in Figure 4-5.
- b. Sculptured building tops. The following sculptured building top regulations apply only where the permitted building height is sixty (60) feet.

Buildings with sculptured tops may exceed the permitted height (60 feet) by two (2) building stories if they meet the following conditions:

- i. The gross floor area of all of sculptured stories is at least one-third ( $1/3$ ) less than the gross floor area of the first floor of the building; and
- ii. The roof form is sculptured (e.g., pitched roof, hip roof, dome, chateau roof, tower, turret, pediment, dormers, or other similar form); and
- iii. The added two (2) stories are setback from the street wall at least eight (8) feet; and
- iv. The roof structure is designed to hide all mechanical and communications equipment located there.

3. UR District Height Regulations. The building heights allowed in the UR District are specified in Figure 4-5 and 45-A. Also see 18.10.060, Capitol Height District.

4. R4-8 District Height Regulations. Existing State Community College Education Facilities. A maximum 60' building height is allowed with a 100' setback from adjacent residentially zoned property.

5. Places of Worship. Places of worship may exceed the height limits specified in Table 4.04, except in the State Capitol Group Height District, provided that the side yard width equals at least fifty (50) percent of the building's proposed height (including spires and towers).

6. Radio, Television and other Communication Towers. The height of radio, television, and other communication towers may exceed the maximum building height allowed in the district, subject to approval of the Hearing Examiner consistent with Sections [18.04.060\(W\)](#) and (X).

7. Tall Buildings in the MR Districts. Buildings between thirty-five (35) and forty-five (45) feet in height are permitted in the MR 7-13 and MR 10-18 districts, subject to compliance with the following requirements:

# Urban Residential and Residential Mixed Use District Heights

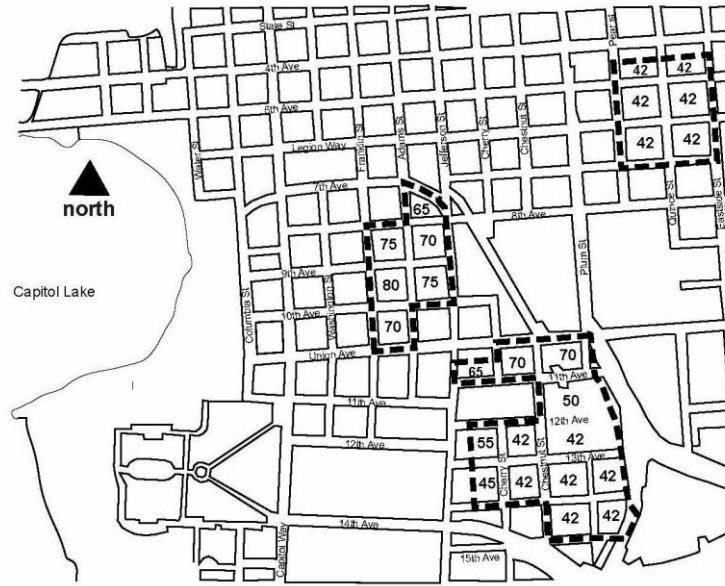

FIGURE 4-5

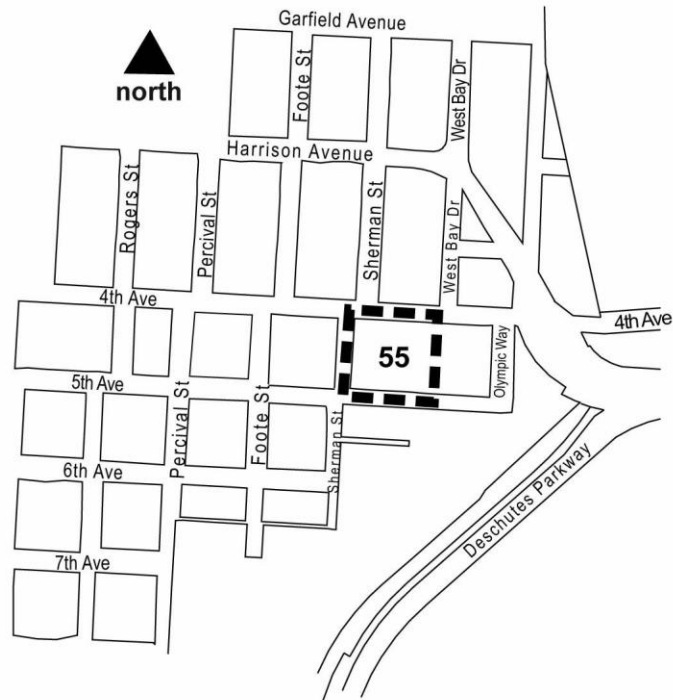

FIGURE 4-5A

a. The proposed building will not be located within one hundred (100) feet of the boundary of the property under development (this may include several parcels under a single development proposal). Exceptions to this requirement shall be granted where topography, stands of trees (deemed appropriate for retention by the City, consistent with Chapter [16.60](#), Tree Protection and Replacement), or other site features block the visibility of the section of the building above thirty-five (35) feet in height from existing or potential residential areas (zoned and available for residential use) adjoining the site; and

b. Existing evergreen trees, which the City deems are appropriate to the site (e.g., which do not pose significant risks for proposed site improvements or public safety, consistent with Chapter [16.60](#), Tree Protection and Replacement) are retained where possible to help screen the building from the view of residents of dwellings abutting the property.

8. Water Towers. Water towers may exceed the height limits specified in Table 4.04.

[NOTE: Refer to Article III, Height Overlay Districts, for additional restrictions.]

J. Private and Common Open Space.

1. Development of Open Space. Open space (e.g., private yard areas and common open space) required by Table 4.04 shall be devoted to undisturbed native vegetation, landscaping (consistent with Chapter [18.36](#), Landscaping and Screening), and/or outdoor recreational facilities. Driveways, loading areas, maneuvering space and parking lots shall not be considered open space. Required open space shall not be covered with impervious surfaces, except for stoops, porches, or balconies, walkways, tennis courts, swimming pools, or similar uses which require an impervious surface. Up to a five (5) percent increase in impervious surface coverage may be allowed to accommodate such hard surfaced facilities. Also see Chapter [16.60](#) Tree, Soil and Native Vegetation Protection and Replacement.

2. Cottage Housing Developments. Cottage housing developments shall provide open space as follows:

a. A minimum of two hundred (200) square feet of private, contiguous, usable, open space shall be provided adjacent to each dwelling unit. No dimension of this open space area shall be less than ten (10) feet.

b. A minimum of fifteen hundred (1500) square feet or two hundred (200) square feet per unit, whichever is more, shall be provided in common open space (e.g., available for the use of all residents of the development). This open space shall be contained in a contiguous area with no dimension less than thirty (30) feet. A substantial portion of such open space shall be sufficiently level (e.g., less than five (5) percent slope) and well drained to enable active use in

summer provided that at least fifty percent (50%) of such open space shall comply with soil and vegetation protection area standards.

3. Mixed Density Districts. Parcels or sites accommodating multifamily housing (e.g., triplexes, fourplexes, and larger apartment buildings) in a MR 7-13 or MR 10-18 district shall contain at least thirty (30) percent open space. At least fifty (50) percent of such open space must be available for the common use of the residents of the multifamily housing. Such open space shall be developed consistent with Section [18.04.080\(J\)\(1\)](#) above. This open space requirement shall be reduced to twenty (20) percent if the multifamily housing adjoins a park, school or open space site of at least ten thousand (10,000) square feet in size. Impervious surface coverage limits specified in Table 4.04 shall be adjusted accordingly.

4. Manufactured or Mobile Home Parks. At least five hundred (500) square feet of common open space shall be provided per dwelling unit (see Section [18.04.060\(P\)\(8\)](#)). At least fifty percent (50%) of such open space shall comply with soil and vegetation protection area standards.

5. Residential - 4 Chambers Basin District. Required open space for stormwater dispersion may be provided in a common area or within each individual private lot of a development. All required drainage dispersal areas shall be protected from filling and grading and all other activities which would decrease the ability of such areas to disperse and infiltrate stormwater. Side yard setback areas shall be designed to disperse roof runoff to the maximum extent practical. To qualify as a "drainage dispersal tract" (required to create lots of less than one acre) such area shall be held in common or deeded to homeowners association and otherwise conform with the requirements of stormwater tracts as set forth in the Olympia Stormwater Drainage Manual.

#### **18.04.090 Additional regulations**

Refer to the following Chapters for additional related regulations.

Chapter 18.38  
PARKING AND LOADING

**18.38.100 Vehicular and bicycle parking standards**

A. Required Vehicular and Bicycle Parking. A minimum number of bicycle parking spaces are required as set forth in Table 38-01 below. The specific number of motor vehicle parking spaces set forth in Table 38-01 +/- ten percent (10%) shall be provided, unless varied pursuant to OMC [18.38.080](#) or other provision of this code. Any change in use which requires more parking shall install vehicular and bicycle facilities pursuant to Table 38.01 and consistent with the location standards of OMC [18.38.220](#).

B. Building Area. All vehicle parking standards are based on the gross square feet of building area, unless otherwise noted.

C. Residential Exceptions.

1. New residential land uses in the Downtown Exempt Parking Area do not require motor vehicle parking. See OMC [18.38.160](#).

2. Residential land uses in the ~~7~~ CSH, RMH, RMU, and UR Districts require only one (1) vehicle parking space per unit.

3. Table 18.01 notwithstanding, senior (age 55 or 62 and over) multi-family housing requires three (3) motor vehicle parking spaces per four (4) units. This exception is at the discretion of the applicant and only applicable if an appropriate age-restriction covenant is recorded.

D. Reserved Area for Bicycle Spaces. Where specified in Table 38.01 below, an area shall be designated for possible conversion to bicycle parking. Such reserve areas must meet the location requirements of short-term parking and may not be areas where pervious surfaces or landscaping is required. A cover is not required for such areas.

**TABLE 38.01**

Use	Required Motor Vehicle Parking Spaces	Minimum Required Long-Term Bicycle Spaces	Minimum Required Short-Term Bicycle Spaces
<b>COMMERCIAL</b>			
Carpet and Furniture Showrooms	One and one-quarter (1.25) space per one thousand (1000) sq. ft. of gross showroom floor area. Each store shall have a minimum of four (4) spaces.	One per sixteen thousand (16,000) square feet of showroom floor area. Minimum of two (2).	One per eight thousand (8,000) square feet of showroom floor area. Minimum of two (2).
Child and Adult Day Care	One (1) space for each staff member plus 1 space for each ten (10) children/adults if adequate		

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
	drop-off facilities are provided. Adequate drop-off facilities must allow a continuous flow of vehicles which can safely load and unload children/adults. Compliance with this requirement shall be determined by the review authority.		
Hotel and Motel	One (1) space for each room or suite and one (1) space per manager's unit. Hotel/motel banquet and meeting rooms shall provide six (6) spaces for each thousand (1000) square feet of seating area. Restaurants are figured separately.	One (1) per ten (10) rooms. Minimum of two (2).	One (1) per thousand (1,000) square feet of banquet and meeting room space. Minimum of two (2).
Markets, Shopping Centers and Large Retail/Wholesale Outlets	Less than 15,000 sq. ft = 3.5 spaces for each 1000 sq. ft. of gross floor areas. 15,001 to 400,000 sq. ft = 4 spaces for each 1000 sq. ft. of gross floor area. More than 400,001 sq. ft. = 4.5 spaces per 1000 sq. ft. of gross floor area.	One per six thousand (6,000) square feet. Maximum of five (5); minimum of one (1).	One per three thousand (3,000) square feet. Maximum of ten (10) per tenant; minimum of two (2) within fifty (50) feet of each customer entrance.
Medical and Dental Clinics	Four (4) spaces per 1000 sq. ft. of gross floor area.	One (1) per 10,000 square feet. Minimum of two (2).	One (1) per 10,000 square feet, minimum of two (2) within fifty (50) feet of each customer entrance; plus an equal reserved area for adding spaces.
Ministorage	Three (3) spaces minimum or (1) space for every one hundred (100) storage units, and two (2) spaces for permanent on-site managers.	None	None
Mixed Uses	Shared parking standards shall be used to calculate needed parking. This calculation is based upon the gross leasable area (GLA) for each shop or business and does not include atriums, foyers, hallways, courts, maintenance areas, etc. See shared parking 18.38.180.	See individual use standards.	See individual use standards

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
Mortuaries and Funeral Parlors	One (1) space per seventy-five (75) square feet of assembly area or thirteen (13) stalls per 1000 sq. ft.	One (1)	Two (2)
Offices, General	Gross floor area up to 2000 sq. ft. = One (1) space for each 250 sq. ft. Gross floor area between 2001 to 7500 sq. ft. = One (1) space for each 300 sq. ft. Gross floor area between 7501 to 40,000 sq. ft. = One (1) space for each 350 sq. ft. Gross floor area of 40001 and greater = One (1) space for each 400 sq. ft.	One (1) per ten thousand (10,000) square feet. Minimum of two (2).	One (1) per ten thousand (10,000) square feet; plus an equal reserved area for adding spaces. Minimum of two (2).
Offices, Government	3.5 spaces per one thousand (1000) sq. ft.	One (1) per five thousand (5,000) square feet. Minimum of two (2).	One (1) per five thousand (5,000) square feet; minimum of two (2); plus an equal reserved area for adding spaces.
Retail Uses	Three and a half (3.5) spaces per one thousand (1000) sq. ft.	One per six thousand (6,000) square feet. Maximum of five (5); minimum of one (1).	One per three thousand (3,000) square feet. Maximum of ten (10) per tenant; minimum of two (2) within fifty (50) feet of each customer entrance.
Service Station (mini-marts are retail uses)	Three and a half (3.5) spaces per one thousand (1000) sq. ft. g.f.a. or 1 space per 300 sq. ft.	None.	None
Warehouse, Distribution	1 space for each thousand (1000) sq. ft. or 1 space for each employee.	One (1) per forty thousand (40,000) square feet or one (1) per forty (40) employees. Minimum of one (1).	None.
Warehouse Storage	Gross Floor area of 0-10,000 sq. ft. = One (1) space for each one thousand (1000) sq. ft. Gross floor area between 10,001 – 20,000 sq. ft. = ten (10) spaces plus .75 space for each additional one thousand (1000) sq. ft. beyond ten thousand (10,000) sq. ft. Over 20,000 sq. ft. = eighteen (18) spaces plus .50 for each additional	One (1) plus one (1) for each eighty thousand (80,000) square feet above sixty-four thousand (64,000) square feet; or one (1) per forty (40) employees. Minimum of one (1).	None

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
	1000 sq. ft. beyond 20,000 sq. ft., or 1 space for each employee.		
<b>INDUSTRIAL</b>			
Manufacturing	One (1) for each two (2) employees on the largest shift, with a minimum of two (2) spaces.	One (1) for each thirty (30) employees on largest shift. Minimum of two (2).	One (1) for each thirty (30) employees on largest shift. Minimum of two (2).
<b>INSTITUTIONAL</b>			
Beauty Salons/ Barber Shops, Laundromats/Dry Cleaners, and Personal Services		One per six thousand (6,000) square feet. Minimum of one (1).	One per three thousand (3,000) square feet. Minimum of two (2).
Educational Facilities (to include business, vocational, universities, and other school facilities).		One (1) per five (5) auto spaces. Minimum of two (2)	One (1) per five (5) auto spaces. Minimum of four (4).
Elementary and Middle School	One (1) stall per twelve (12) students of design capacity.	One (1) per classroom.	Three (3) per classroom.
Farmers Market		None	One (1) per ten (10) auto stalls. Minimum of ten (10).
High School	One (1) space per classroom and office, plus one (1) space for each four (4) students that are normally enrolled and are of legal driving age. Public assembly areas, such as auditoriums, stadiums, etc. that are primary uses may be considered a separate use.	One per five (5) classrooms, plus one (1) for each forty (40) students (may also require one (1) per four thousand five hundred (4,500) assembly seats). Minimum of two (2).	One per five (5) classrooms, plus one (1) for each forty (40) students (may also require one (1) per four thousand five hundred (4,500) assembly seats). Minimum of four (4).
Hospitals, Sanitariums, Nursing Homes, Congregate Care, Rest Homes, Hospice Care Home and	One (1) for each two (2) regular beds, plus one (1) stall for every two (2) regular employees on the largest shift.	One (1) per thirty (30) beds, plus one (1) per thirty (30) employees on largest shift. Minimum of two (2).	One (1) per thirty (30) beds, plus one (1) per thirty (30) employees on largest shift. Minimum of two (2).

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
Mental Health Facilities.			
Libraries and Museums	One (1) space per three hundred (300) square feet of public floor area or 3.3 spaces per thousand (1000) sq. ft. Six (6) stalls either on-site or on-street directly adjacent to the property. The Director may allow pervious-type parking surfaces.	One (1) per six thousand (6,000) square feet of public floor area. Minimum of two (2).	One (1) per one thousand five hundred (1,500) square feet of public floor area. Minimum of four (4).
Marinas		Minimum of four (4).	One (1) per ten (10) auto stalls. Minimum of four (4).
Other Facilities Not Listed		None	One (1) per twenty-five (25) auto stalls. Minimum of two (2).
Park-N-Ride Lots and Public (Parking) Garages		One (1) per fifteen (15) auto stalls Minimum of four (4)	Two (2).
Parks		None	One (1) per five (5) auto stalls. Minimum of four (4).
Transit Centers		Ten (10).	Ten (10).
<b>PLACES OF ASSEMBLY</b>			
Passenger Terminal Facilities	One (1) space for each one hundred (100) square feet of public floor area or ten (10) spaces per thousand (1000) sq. ft.	Minimum of ten (10)	Minimum of ten (10)
Place of Worship	One (1) space per four (4) seats. When individual seats are not provided, one (1) space for each six (6) feet of bench or other seating. The Director may use a ratio of six (6) stalls/1000 sq. ft. of assembly area where seats or pews are not provided or when circumstances warrant increased parking; e.g., large regional congregations which attract a large congregation or one which has multiple functions. See shared parking. 18.38.180	One (1) per 10,000 square feet of gross floor area.	One (1) per 160 seats or 240 lineal feet of bench or other seating, and one (1) per 6,000 square feet of assembly area without fixed seats. Minimum of four (4).

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
Private Clubs or Lodges (does not include health clubs or retail warehouse)	Six (6) spaces per thousand (1000) sq. ft.	One (1) per 6,000 square feet. Minimum of one (1).	One (1) per 6,000 square feet. Minimum of two (2).
Theater and Auditorium	One (1) space for each four and a half (4.5) fixed seats. If the theater or auditorium is a component of a larger commercial development the above parking standard may be modified to account for shared parking as provided in Section <a href="#">18.38.180</a> of this Code	One (1) per 450 fixed seats. Minimum of one (1).	One (1) per 110 fixed seats. Minimum of four (4).
Theater and Auditorium without fixed seats	One (1) space for each three (3) permitted occupants. Maximum building occupancy is determined by the Fire Marshal.	One (1) per 300 permitted occupants. Minimum of one (1).	One (1) per 75 permitted occupants. Minimum of four (4).

#### **RECREATION/AMUSEMENT**

Bowling Alleys	Five (5) spaces for each alley.	One (1) per twelve (12) alleys. Minimum of one (1).	One (1) per four (4) alleys. Minimum of four (4).
Health Club	Four (4) spaces for each thousand (1000) sq. ft.	One (1) per 5,000 square feet. Minimum one (1).	One (1) per 2,500 square feet. Minimum of four (4).
Skating Rinks and Other Commercial Recreation	Five (5) spaces per thousand (1000) sq. ft.	One (1) per 8,000 square feet. Minimum of one (1).	One (1) per 4,000 square feet. Minimum of four (4).

#### **RESIDENTIAL**

Accessory Dwelling Unit	<del>One (1) space per unit</del> <u>None</u>	None	None
Bed and Breakfast	One (1) space in addition to space(s) required for the residential unit.	One (1) per ten (10) rooms. Minimum of one (1).	None
Community Club Houses		None	One (1) per ten (10) auto stalls. Minimum of two (2).
Cottage Housing	One (1) space per unit or 1.5 space per unit if on-street parking is not available along street frontage (One (1) space per twenty (20) linear feet).	One per five (5) units, or one (1) per three (3) units if no on-street parking. Minimum of two (2).	One per ten (10) units, or one (1) per six (6) units if no on-street parking. Minimum of two (2).

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
Elder Care Home	One (1) space in addition to space(s) required for the residential unit.	Minimum of two (2).	Minimum of two (2).
Fraternities, Sororities and Dormitories	One (1) space for every three (3) beds, plus one (1) space for the manager.	One per fourteen (14) beds. Minimum of two (2).	Ten (10) per dormitory, fraternity or sorority building.
Group Home	One (1) space for each staff member plus one (1) space for every five (5) residents. Additionally, one (1) space shall be provided for each vehicle used in connection with the facility.	One (1) per ten (10) staff members plus one (1) per thirty (30) residents. Minimum of one (1). Additional spaces may be required for conditional uses.	None
Home Occupations	None, except as specifically provided in this table.	None	None
Mobile Home Park	Two (2) spaces per lot or unit, whichever is greater. If recreation facilities are provided, one (1) space per ten (10) units or lots.	None	None
<u>Triplex, when in a zoning district with a maximum density of twelve units per acre or less</u>	<u>Five (5) spaces.</u>	<u>None</u>	<u>None</u>
Multifamily Dwellings	Three or more units shall provide one and one-half (1.5) off-street parking spaces per dwelling unit. Multifamily dwelling units located on HDC-4 properties, where the new project provides for the development of replacement dwelling units in a development agreement, and the project site is all or part of an area of 40 acres or more that was in contiguous ownership in 2009, are exempt from the parking requirements of this section. If parking is voluntarily provided by the property owner, then the Director shall permit such parking to be shared with parking	One (1) storage space per unit that is large enough for a bicycle.	One (1) per ten (10) units. Minimum of two (2) per building.

**TABLE 38.01**

<b>Use</b>	<b>Required Motor Vehicle Parking Spaces</b>	<b>Minimum Required Long-Term Bicycle Spaces</b>	<b>Minimum Required Short-Term Bicycle Spaces</b>
	provided for non-residential development on the property.		
Single Family to include Duplex and Townhouse.	Two (2) spaces per unit. Note: parking spaces may be placed in tandem (behind the other). DB, CSH and RMH zone districts require one (1) space/unit.	None	None
Studio Apartments.	Apartments with one (1) room enclosing all activities shall provide one (1) off-street parking space per dwelling unit	None	One (1) per ten (10) units. Minimum of two (2) per building.
<b>RESTAURANT</b>			
Cafes, Bars and other drinking and eating establishments.	Ten (10) spaces per thousand (1000) sq. ft.	One per 2,000 square feet; minimum of one (1).	One per 1,000 square feet; minimum of one (1).
Car Hop	One (1) for each fifteen (15) square feet of gross floor area.	One per 300 square feet; minimum of one (1).	One per 150 square feet; minimum of one (1).
Fast Food	Ten (10) spaces per thousand (1000) square feet plus one (1) lane for each drive-up window with stacking space for six (6) vehicles before the menu board.	One per 2,000 square feet; minimum of one (1).	One per 1,000 square feet; minimum of one (1).
